North Central Texas Council Of Governments

Dick Martin
Commissioner Precinct 2
Navarro County
300 West 3rd Avenue
Corsicana, TX 75110.0

Dear Commissioner Martin

The North Central Texas Council of Governments (NCTCOG) currently administers the State's 9-1-1 Program for your city/county, as directed by legislation enacted in 1987. NCTCOG is recognized nationally as a leader in the provision of 9-1-1 services. They have more than met the legislative charge of providing emergency dispatch centers with the latest and best available equipment and technology; and assuring that this equipment and technology is operating or backed up on a 24 hour/365 day basis. Additionally, they have actively assisted with the training and certification of dispatch center personnel.

I am writing this letter to you on behalf of the NCTCOG 9-1-1 Regional Advisory Committee, which is made up of elected and appointed officials from the entities which are served by the NCTCOG 9-1-1 program. We believe there is a positive opportunity for the participants in the NCTCOG program to have a real and larger impact on policy and fiscal matters than is now available through the state administrative program.

In the most recent legislative session, the Health and Safety Code was amended by SB 1108/HB 3462 to permit Councils of Governments/Regional Planning Commissions to establish Regional Emergency Communications Districts (ECD). We see a lot of potential advantages and opportunities that would be to our benefit by creating an ECD. I will attempt to lay out our reasoning in the following paragraphs.

Currently, our citizens and businesses are charged 50 cents on their phone bills to pay for 9-1-1 services. This money is remitted to and held by the state until the legislature appropriates all or part of the funds collected to the Texas Commission on State Emergency Communications (CSEC). CSEC then allocates these funds to councils of governments. The problem is that the Legislature does not always appropriate all of the funds collected, but rather retains some of the funds to show (on paper) a balanced state budget. Currently, the state is holding over \$150 million. Over 15% of this amount has been collected from our Region.

If we were to create an ECD, the monies collected through the maximum 50 cent fee would be remitted in their entirety to this district. The major benefit from this, aside from all the funds collected in our region coming back to it, is that a long-range strategic plan could be adopted outlining future capital improvements and replacements for our dispatch centers based on a known and reliable stream of revenue. Under the present situation, we have no certainty of the amount of funding that the region will receive during any given biennium. This results in a lot of inefficiencies because long-term planning for capital equipment is difficult to do.

The other major benefit to be realized from having our own district is one of local control. Policy and budgetary matters would be decided by a Board of Directors consisting of local elected officials from entities served by NCTCOG's 9-1-1 Program. An initial ECD Board of Directors consisting of a representative from participating entities would meet to determine the size of the permanent Board, and the qualifications of its members. At least two-thirds of the initial Board members must be elected officials.

North Central Texas Council Of Governments

The new law specifies that councils of governments, NCTCOG in our case, will continue as staff to the district. This assures that there will be no disruption to the current services provided to our citizens and businesses through the already existing dispatch centers.

The new law requires that the governing body of each entity now served by a councils of governments pass a resolution calling for the creation of an ECD. Many of our entities have already indicated an interest in doing so. Thus, the Regional Advisory Council is now reaching out to everyone to see if there is a broader interest in creating a district. Please use the enclosed form to let us know of your preference and/or if you would like to have a meeting to learn more about this matter and to get any questions answered. Also enclosed is a sample resolution, which can be used if you are ready to support the creation of an EDS. The final enclosure is a membership list for the Regional Advisory Committee. Please submit your response forms or resolutions to Mike Eastland, the NCTCOG Executive Director, using the contact information below. I would also encourage you to call me at 903-408-4146, if you have any questions. Other members of the Advisory Committee will be happy to receive inquiries.

Creation of a Regional Emergency Communications District Frequently Asked Questions

What is a regional emergency communication district?

A regional emergency communication district is composed of counties and municipalities that operate a 9-1-1 system solely through a council of governments/regional planning commission.

What is required to start the process of creating a regional emergency communication district?

Each county and municipality currently provided 9-1-1 services by the North Central Texas Council of Governments (NCTCOG) must pass a resolution calling for the creation of a district.

How is a governing board formed?

Once all resolutions have been submitted, a meeting will be called and a representative from each county and municipality will be invited to attend for the purpose of determining the appropriate size of a governing board and the qualifications of its members. (At least 2/3 of these representatives must be elected officials.)

What are the responsibilities and powers of the governing board?

- To set policies for the district.
- Adopt an annual budget.
- Adopt bylaws, rules and procedures governing operation of the district.

How is the district staffed?

NCTCOG remains responsible for the day to day administration and operations of the district with services to be provided by its professional 9-1-1 staff.

Does the creation of a district create another level of government with taxing power?

- No, NCTCOG is already providing 9-1-1 support services to the same counties and municipalities that would be members of the district.
- No, the district by state law is prohibited from levying and collecting a tax.

How would the district be funded?

The district would be funded by a maximum fee of \$.50 on telephone bills. All revenue would be remitted to the district.

How does this differ from the current funding method?

- The \$.50 fee remains the same.
- The difference is all of the revenues would come directly to the district for 9-1-1 services.
- Currently, the revenues are sent to the State Comptroller and remain there until the Legislature appropriates them to the Commission on State Emergency Communications (CSEC) for disbursement to Councils of Governments across the state.
- The problem is the Legislature often does not appropriate all of the monies that have been collected from across the state, in fact, the state is holding approximately \$150 million dollars which could be used for 9-1-1 purposes as it is intended.

Will be answered Yes, because somewhere on these roads have been previously damaged and will be addressed for this disaster or the previous disaster.

FEMA Cost Codes:

The Subgrantee and the Project Specialist agreed to use the FEMA Cost Codes at the time the PW was formulated, since the documentation to support the actual costs were not available. As stated in Public Assistance Pocket Guide, "If the Subgrantee has not produced cost data within 2 weeks of the site inspection, the Project Specialist will prepare the PW on the basis of an estimate for the work accomplished."

GENERAL COMMENTS:

WORK TO BE COMPLETED: Upon completion, this site will be returned to its original design, function and capacity within the original footprint. Acquiring all necessary Federal, State, and local permits is required for Federal Funding. Noncompliance with this requirement may jeopardize the receipt of Federal funds

FEDERAL AID ROADS: Project Specialist has validated that none of the sites in this project are listed on the Federal Functional Classification System as Major Collectors, Minor Arterials, Principal Arterials, or Interstate, receiving federal funding.

ROAD PROJECTS (FIRMette Requirement): Any road being repaired to pre-disaster design, function, capacity that does not include a hazard mitigation proposal, will not require a FIRMette. If any work to repair the road requires work outside the original footprint a FIRMette will be required.

SMALL PROJECTS, ANY CATAGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects; however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.

SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. All requests must be submitted through the grantee.

DIRECT ADMINISTRATIVE COSTS: The Subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. If the monitoring report notes deficiencies in Subrecipient's performance under this Grant, the monitoring report shall include requirements for the timely correction of such deficiencies by Subrecipient. Failure by Subrecipient to take action specified in the monitoring report may be cause for suspension or termination of this Grant pursuant to the Suspension and/or Termination Section herein.

J. Audit.

1. Audit of Federal and State Funds. Subrecipient shall arrange for the performance of an annual financial and compliance audit of funds received and performances rendered under this Grant as required by the Single Audit Act (OMB 2 C.F.R. 200.501, formerly A-133). 4. Subrecipient's Facilitation of Audit. Subrecipient shall take such action to facilitate the performance of such audit(s) conducted pursuant to this Section as DPS/TDEM may require of Subrecipient. Subrecipient shall ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Subrecipient and the requirement to cooperate is included in any subcontract it awards.
5. State Auditor's Clause. Subrecipient understands that acceptance of funds under this Grant acts as acceptance of the authority of the State Auditor's Office to conduct an audit or investigation in connection with those funds. Subrecipient further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. Subrecipient shall ensure that this clause concerning the State Auditor's Office's authority to audit funds and the requirement to cooperate fully with the State Auditor's Office is included in any subgrants or subcontracts it awards. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, working papers, and records of Subrecipient relating to this Grant.

K. Retention and Accessibility of Records.

1. **Retention of Records.** Subrecipient shall maintain fiscal records and supporting documentation for all expenditures of this Grant's funds pursuant to the applicable OMB 2 C.F.R. Subpart D – Post Federal Award Requirements, of Part 200 UGMS §.42, and this Grant. Subrecipient shall retain these records and any supporting documentation for a minimum of three (3) years from the later of the completion of this project's public objective, submission of the final expenditure report, any litigation, dispute, or audit. Records shall be retained for three (3) years after any real estate or equipment final disposition. The DHS or DPS/TDEM may direct Subrecipient to retain documents or to transfer certain records to DHS custody when DHS determines that the records possess long term retention value.
2. **Access to Records.** Subrecipient shall give the United States Department of Homeland Security, the Comptroller General of the United States, the Texas State Auditor, DPS/TDEM, or any of its duly authorized representatives, access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by Subrecipient pertaining to this Grant including records concerning the past use of DHS/FEMA funds. Such rights to access shall continue as long as the records are retained by Subrecipient.

L. Changes, Amendments, Suspension or Termination

1. **Modification.** FEMA or DPS/TDEM may modify this Grant after an award has been made. Once notification has been made in writing, any subsequent request for funds indicates Subrecipient's acceptance of the changes to this Grant. Any alteration, addition, or deletion to this Grant by Subrecipient is not valid.
2. **Effect of Changes in Federal and State Laws.** Any alterations, additions, or deletions to this Grant that are required by changes in federal and state laws, regulations or policy are automatically incorporated into this Grant without written amendment to this Grant and shall become effective upon the date designated by such law or regulation. In the event FEMA or DPS/TDEM determines that changes are necessary to this Grant after an award has been made, including changes to the period of performance or terms and conditions, Subrecipient shall be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Subrecipient's acceptance of the changes to this Grant.
3. **Suspension.** In the event Subrecipient fails to comply with any term of this Grant, DPS/TDEM may, upon written notification to Subrecipient, suspend this Grant, in whole or in part, withhold payments to Subrecipient and prohibit Subrecipient from incurring additional obligations of this Grant's funds.
4. **Termination.** DPS/TDEM shall have the right to terminate this Grant, in whole or in part, at any time before the end of the Performance Period, if DPS/TDEM determines that Subrecipient has failed to comply with any term of this Grant. DPS/TDEM shall provide written notice of the termination and include:
 - a. The reason(s) for such termination;
 - b. The effective date of such termination; and
 - c. In the case of partial termination, the portion of this Grant to be terminated.
 - d. Appeal may be made to the Deputy Assistant Director of Texas Division of Emergency Management- Recovery Mitigation and Standards, Texas Department of Public Safety.

- M. **Enforcement.** If Subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application,

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest.** The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant.** DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

Subgrantee is claiming DAC directly tied directly to this project worksheet;

- David "Butch" Warren, Navarro County Pct. 3 Commissioner \$44.08 (Fringe Included) x (6) hours = \$264.48
 - Julie Ferguson, Navarro County Administrative Assistant \$29.14 (Fringe Included) x (1) hour = \$29.17
 - Pick-up truck 8802 at \$26.00/hour x (6) = \$156.00
- \$264.48 + \$29.17 + \$156.00 = \$449.62

DAC Total: \$449.62

The Navarro County Road Department has (4) separate precincts or areas with the responsibility to maintain and repair the farm and ranch land roads. This project worksheet will be written to capture the road damages within Precinct 3. The Subgrantee has road maintenance records, these records have been reviewed, road maintenance records can be found at Pct.3 office.

Some of the facilities (roads/culverts) captured on this project had damages associated with DR-4223-TX. The Project Specialist review PW's from DR-4223-TX and compared to the damages declared for DR-4245-TX and found no duplicate sites. Damages for DR-4223-TX will not be included in the damages for DR-4245-TX.

Subgrantee sustained damages to due to severe storms, heavy rain fall and high velocity flooding and extended periods of standing water. At these location the damages resulted in closing several parts of the road, the Subgrantee will repair this road in several phases. The first phase (work complete) will allow the road to be reopened to allow traffic flow for emergency vehicles, school buses and local traffic the he final phase (work to be completed) will restore this road to its pre-disaster condition.

FEMA Cost Codes:

The Subgrantee and the Project Specialist agreed to use the FEMA Cost Codes at the time the PW was formulated, since the documentation to support the actual costs were not available. As stated in Public Assistance Pocket Guide, "If the Subgrantee has not produced cost data within 2 weeks of the site inspection, the Project Specialist will prepare the PW on the basis of an estimate for the work accomplished."

GENERAL COMMENTS:

WORK TO BE COMPLETED: Upon completion, this site will be returned to its original design, function and capacity within the original footprint. Acquiring all necessary Federal, State, and local permits is required for Federal Funding. Noncompliance with this requirement may jeopardize the receipt of Federal funds

FEDERAL AID ROADS: Project Specialist has validated that none of the sites in this project are listed on the Federal Functional Classification System as Major Collectors, Minor Arterials, Principal Arterials, or Interstate, receiving federal funding.

ROAD PROJECTS (FIRMette Requirement): Any road being repaired to pre-disaster design, function, capacity that does not include a hazard mitigation proposal, will not require a FIRMette. If any work to repair the road requires work outside the original footprint a FIRMette will be required.

SMALL PROJECTS, ANY CATAGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects; however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.

SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. All requests must be submitted through the grantee.

DIRECT ADMINISTRATIVE COSTS: The Subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. Associated eligible work is related administration of the PA project only and in accordance with 2 CFR 200.413. These costs are treated consistently and uniformly as direct costs in all federal awards and other Subgrantee activities and are not included in any approved indirect cost rates.

HAZARD MITIGATION PROPOSAL: Hazard Mitigation under section 406 has been considered for this project and due to the type of work

or project, effective mitigation is not feasible within the requirements of 44 CFR 206.226(c).

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest**. The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant**. DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

2892

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

Damages for DR-4223-TX will not be included in the damages for DR-4245-TX.

FEMA Cost Codes:

The Subgrantee and the Project Specialist agreed to use the FEMA Cost Codes at the time the PW was formulated, since the documentation to support the actual costs were not available. As stated in Public Assistance Pocket Guide, "If the Subgrantee has not produced cost data within 2 weeks of the site inspection, the Project Specialist will prepare the PW on the basis of an estimate for the work accomplished."

GENERAL COMMENTS:

WORK TO BE COMPLETED: Upon completion, this site will be returned to its original design, function and capacity within the original footprint. Acquiring all necessary Federal, State, and local permits is required for Federal Funding. Noncompliance with this requirement may jeopardize the receipt of Federal funds

FEDERAL AID ROADS: Project Specialist has validated that none of the sites in this project are listed on the Federal Functional Classification System as Major Collectors, Minor Arterials, Principal Arterials, or Interstate, receiving federal funding.

ROAD PROJECTS (FIRMette Requirement): Any road being repaired to pre-disaster design, function, capacity that does not include a hazard mitigation proposal, will not require a FIRMette. If any work to repair the road requires work outside the original footprint a FIRMette will be required.

SMALL PROJECTS, ANY CATEGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects, however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.

SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. All requests must be submitted through the grantee.

DIRECT ADMINISTRATIVE COSTS: The Subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. Associated eligible work is related administration of the PA project only and in accordance with 2 CFR 200.413. These costs are treated consistently and uniformly as direct costs in all federal awards and other Subgrantee activities and are not included in any approved indirect cost rates.

HAZARD MITIGATION PROPOSAL: Hazard Mitigation under section 406 has been considered for this project and due to the type of work or project, effective mitigation is not feasible within the requirements of 44 CFR 206 226(c).

PROCUREMENT: The Applicant was advised by FEMA PAC and/or Project Specialist that in the seeking of proposals and letting of contracts for eligible work, the Applicant must comply with its Local, State and/or Federal procurement laws, regulations, and procedures as required by 2 CFR 317-326.

RECORD RETENTION: As described in 2 CFR 200.33 Subgrantee must maintain all work-related records for a period of three (3) years from Subgrantee closure (final payment), all records relative this project worksheet are subject to examination and audit by the State, FEMA and the Comptroller General of the United States and must reflect work related to disaster specific costs.

PERMITS: Federal Funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds. The applicant is responsible for obtaining all required permits prior to the commencement of work.

ENVIRONMENTAL AND HISTORIC PRESERVATION: Applicant must comply with all applicable environmental and historic preservation laws. Federal funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds.

CHANGES TO SCOPE OF WORK DESCRIBED IN THIS PW/SA (SUBGRANT APPLICATION): The applicant shall comply with all applicable codes and standards in the completion of eligible work to repair or replace damaged public facilities. Any change to the approved

scope of work on a Project Worksheet (PW/SA) must be reported and approved before work begins. Failure to report changes may jeopardize Federal and State funding. In the case of a change in scope of work, the applicant should immediately notify Section Administrator, and Texas Department of Emergency Management prior to starting work.

INSURANCE REVIEW: The applicant is aware that all projects are subject to an insurance review as stated in 44 C.F.R. Sections 206.252 and 206.253. If applicable, an insurance determination will be made either as anticipated proceeds or actual proceeds in accordance with the applicant's insurance policy which may affect the total amount of the project. Approval of this project may result in obtain/maintain insurance requirement. The Subgrantee must comply with insurance reviewer terms and conditions upon receipt of sub-grant from the State.

COST BASIS FOR LABOR, EQUIPMENT AND MATERIALS: Costs used to formulate this project were based on: FEMA Cost Codes and Calculation and Conversion template

AUDIT STATEMENT: All documentation related to this project worksheet is subject to audit and must reflect disaster – related work and project – specific cost. The applicant has been advised of responsibility to maintain supporting documentation (records). The type of records to be maintained is specified in FEMA policy 2 CFR Subpart F, Audit Requirements. Records must be maintained for three 3 years from the date the last project was completed or from the date final payment was received, whichever is later.

75% FEDERAL FUNDING: In accordance with FEMA policy 9523.9 and current disaster declaration determinations, this project worksheet will be funded with the Federal Cost share at 75% of all eligible costs.

By accepting this grant the Applicant to the best of their ability acknowledges that all damages described within this Sub-grant Application and all associated costs being claimed were a direct result of the declared event, and in connection with the incident period of Oct. 22 through Oct. 31 with the exception of requests for alternate or improved projects.

 - c. In the case of partial termination, the portion of this Grant to be terminated.
 - d. Appeal may be made to the Deputy Assistant Director of Texas Division of Emergency Management- Recovery Mitigation and Standards, Texas Department of Public Safety.

- M. **Enforcement.** If Subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application,

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest.** The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant.** DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

As stated in Public Assistance Pocket Guide, "If the Subgrantee has not produced cost data within 2 weeks of the site inspection, the Project Specialist will prepare the PW on the basis of an estimate for the work accomplished."

GENERAL COMMENTS:

WORK TO BE COMPLETED: Upon completion, this site will be returned to its original design, function and capacity within the original footprint. Acquiring all necessary Federal, State, and local permits is required for Federal Funding. Noncompliance with this requirement may jeopardize the receipt of Federal funds

FEDERAL AID ROADS: Project Specialist has validated that none of the sites in this project are listed on the Federal Functional Classification System as Major Collectors, Minor Arterials, Principal Arterials, or Interstate, receiving federal funding.

ROAD PROJECTS (FIRMette Requirement): Any road being repaired to pre-disaster design, function, capacity that does not include a hazard mitigation proposal, will not require a FIRMette. If any work to repair the road requires work outside the original footprint a FIRMette will be required.

SMALL PROJECTS, ANY CATEGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects; however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.

SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. All requests must be submitted through the grantee.

DIRECT ADMINISTRATIVE COSTS: The Subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. Associated eligible work is related administration of the PA project only and in accordance with 2 CFR 200.413. These costs are treated consistently and uniformly as direct costs in all federal awards and other Subgrantee activities and are not included in any approved indirect cost rates.

HAZARD MITIGATION PROPOSAL: Hazard Mitigation under section 406 has been considered for this project and due to the type of work or project, effective mitigation is not feasible within the requirements of 44 CFR 206.226(c).

PROCUREMENT: The Applicant was advised by FEMA PAC and/or Project Specialist that in the seeking of proposals and letting of contracts for eligible work, the Applicant must comply with its Local, State and/or Federal procurement laws, regulations, and procedures as required by 2 CFR 317-326.

RECORD RETENTION: As described in 2 CFR 200.33 Subgrantee must maintain all work-related records for a period of three (3) years from Subgrantee closure (final payment), all records relative this project worksheet are subject to examination and audit by the State, FEMA and the Comptroller General of the United States and must reflect work related to disaster specific costs.

PERMITS: Federal Funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds. The applicant is responsible for obtaining all required permits prior to the commencement of work.

ENVIRONMENTAL AND HISTORIC PRESERVATION: Applicant must comply with all applicable environmental and historic preservation laws. Federal funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds.

CHANGES TO SCOPE OF WORK DESCRIBED IN THIS PWSA (SUBGRANT APPLICATION): The applicant shall comply with all applicable codes and standards in the completion of eligible work to repair or replace damaged public facilities. Any change to the approved scope of work on a Project Worksheet (PWSA) must be reported and approved before work begins. Failure to report changes may jeopardize Federal and State funding. In the case of a change in scope of work, the applicant should immediately notify Section Administrator, and Texas Department of Emergency Management prior to starting work.

INSURANCE REVIEW: The applicant is aware that all projects are subject to an insurance review as stated in 44 C.F.R. Sections 206.252 and 208.253. If applicable, an insurance determination will be made either as anticipated proceeds or actual proceeds in accordance with the applicant's insurance policy which may affect the total amount of the project. Approval of this project may result in obtain/maintain insurance requirement. The Subgrantee must comply with insurance reviewer terms and conditions upon receipt of sub-grant from the State.

COST BASIS FOR LABOR, EQUIPMENT AND MATERIALS: Costs used to formulate this project were based on: FEMA Cost Codes and Calculation and Conversion template

AUDIT STATEMENT: All documentation related to this project worksheet is subject to audit and must reflect disaster – related work and project – specific cost. The applicant has been advised of responsibility to maintain supporting documentation (records). The type of records to be maintained is specified in FEMA policy 2 CFR Subpart F, Audit Requirements. Records must be maintained for three 3 years from the date the last project was completed or from the date final payment was received, whichever is later.

75% FEDERAL FUNDING: In accordance with FEMA policy 9523.9 and current disaster declaration determinations, this project worksheet will be funded with the Federal Cost share at 75% of all eligible costs.

By accepting this grant the Applicant to the best of their ability acknowledges that all damages described within this Sub-grant Application and all associated costs being claimed were a direct result of the declared event, and in connection with the Incident period of Oct. 22 through Oct. 31 with the exception of requests for alternate or improved projects.

During the incident period from Oct. 22 through Oct. 31, Navarro County suffered damages to their county maintained roads due to severe storms, tornadoes, straight-line winds and flooding and extended periods of standing water.

The Navarro County Road Department has (4) separate precincts or areas with the responsibility to maintain and repair the farm and ranch land roads. This project worksheet will be written to capture the road damages within Precinct 3.

The Subgrantee has provided road maintenance records, these records have been reviewed, additional road maintenance records can be found at Pct.3 office.

FEMA Cost Codes:

The Subgrantee and the Project Specialist agreed to use the FEMA Cost Codes at the time the PW was formulated, since the documentation to support the actual costs were not available. As stated in Public Assistance Pocket Guide, "If the Subgrantee has not produced cost data within 2 weeks of the site inspection, the Project Specialist will prepare the PW on the basis of an estimate for the work accomplished."

GENERAL COMMENTS:

WORK TO BE COMPLETED: Upon completion, this site will be returned to its original design, function and capacity within the original footprint. Acquiring all necessary Federal, State, and local permits is required for Federal Funding. Noncompliance with this requirement may jeopardize the receipt of Federal funds

FEDERAL AID ROADS: Project Specialist has validated that none of the sites in this project are listed on the Federal Functional Classification System as Major Collectors, Minor Arterials, Principal Arterials, or Interstate, receiving federal funding.

ROAD PROJECTS (FIRMette Requirement): Any road being repaired to pre-disaster design, function, capacity that does not include a hazard mitigation proposal, will not require a FIRMette. If any work to repair the road requires work outside the original footprint a FIRMette will be required.

SMALL PROJECTS, ANY CATEGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects; however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.

SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. All requests must be submitted through the grantee.

DIRECT ADMINISTRATIVE COSTS: The Subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. Associated eligible work is related administration of the PA project only and in accordance with 2 CFR 200.413. These costs are treated consistently and uniformly as direct costs in all federal awards and other Subgrantee activities and are not included in any approved

Indirect cost rates.

HAZARD MITIGATION PROPOSAL: Hazard Mitigation under section 406 has been considered for this project and due to the type of work or project, effective mitigation is not feasible within the requirements of 44 CFR 206.226(c).

PROCUREMENT: The Applicant was advised by FEMA PAC and/or Project Specialist that in the seeking of proposals and letting of contracts for eligible work, the Applicant must comply with its Local, State and/or Federal procurement laws, regulations, and procedures as required by 2 CFR 317-326.

RECORD RETENTION: As described in 2 CFR 200.33 Subgrantee must maintain all work-related records for a period of three (3) years from Subgrantee closure (final payment), all records relative this project worksheet are subject to examination and audit by the State, FEMA and the Comptroller General of the United States and must reflect work related to disaster specific costs.

PERMITS: Federal Funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds. The applicant is responsible for obtaining all required permits prior to the commencement of work.

ENVIRONMENTAL AND HISTORIC PRESERVATION: Applicant must comply with all applicable environmental and historic preservation laws. Federal funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds.

CHANGES TO SCOPE OF WORK DESCRIBED IN THIS PW/SA (SUBGRANT APPLICATION): The applicant shall comply with all applicable codes and standards in the completion of eligible work to repair or replace damaged public facilities. Any change to the approved scope of work on a Project Worksheet (PW/SA) must be reported and approved before work begins. Failure to report changes may jeopardize Federal and State funding. In the case of a change in scope of work, the applicant should immediately notify Wendell Allen, Section Administrator, and Texas Department of Emergency Management prior to starting work.

INSURANCE REVIEW: The applicant is aware that all projects are subject to an insurance review as stated in 44 C.F.R. Sections 206.252 and 206.253. If applicable, an insurance determination will be made either as anticipated proceeds or actual proceeds in accordance with the applicant's insurance policy which may affect the total amount of the project. Approval of this project may result in obtain/maintain insurance requirement. The Subgrantee must comply with insurance reviewer terms and conditions upon receipt of sub-grant from the State.

COST BASIS FOR LABOR, EQUIPMENT AND MATERIALS: Costs used to formulate this project were based on: FEMA Cost Codes and Calculation and Conversion template

AUDIT STATEMENT: All documentation related to this project worksheet is subject to audit and must reflect disaster – related work and project – specific cost. The applicant has been advised of responsibility to maintain supporting documentation (records). The type of records to be maintained is specified in FEMA policy 2 CFR Subpart F, Audit Requirements. Records must be maintained for three 3 years from the date the last project was completed or from the date final payment was received, whichever is later.

75% FEDERAL FUNDING: In accordance with FEMA policy 9523.9 and current disaster declaration determinations, this project worksheet will be funded with the Federal Cost share at 75% of all eligible costs.

By accepting this grant the Applicant to the best of their ability acknowledges that all damages described within this Sub-grant Application and all associated costs being claimed were a direct result of the declared event, and in connection with the incident period of 05/04/2015 thru 06/19/2015 with the exception of requests for alternate or improved projects

Any alteration, addition, or deletion to this Grant by Subrecipient is not valid.
2. **Effect of Changes in Federal and State Laws.** Any alterations, additions, or deletions to this Grant that are required by changes in federal and state laws, regulations or policy are automatically incorporated into this Grant without written amendment to this Grant and shall become effective upon the date designated by such law or regulation. In the event FEMA or DPS/TDEM determines that changes are necessary to this Grant after an award has been made, including changes to the period of performance or terms and conditions, Subrecipient shall be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Subrecipient's acceptance of the changes to this Grant.
3. **Suspension.** In the event Subrecipient fails to comply with any term of this Grant, DPS/TDEM may, upon written notification to Subrecipient, suspend this Grant, in whole or in part, withhold payments to Subrecipient and prohibit Subrecipient from incurring additional obligations of this Grant's funds.
4. **Termination.** DPS/TDEM shall have the right to terminate this Grant, in whole or in part, at any time before the end of the Performance Period, if DPS/TDEM determines that Subrecipient has failed to comply with any term of this Grant. DPS/TDEM shall provide written notice of the termination and include:
 - a. The reason(s) for such termination;
 - b. The effective date of such termination; and
 - c. In the case of partial termination, the portion of this Grant to be terminated.
 - d. Appeal may be made to the Deputy Assistant Director of Texas Division of Emergency Management- Recovery Mitigation and Standards, Texas Department of Public Safety.

- M. **Enforcement.** If Subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application,

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest**. The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant**. DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

After each monitoring visit, DPS/TDEM shall provide Subrecipient with a written report of the monitor's findings. If the monitoring report notes deficiencies in Subrecipient's performance under this Grant, the monitoring report shall include requirements for the timely correction of such deficiencies by Subrecipient. Failure by Subrecipient to take action specified in the monitoring report may be cause for suspension or termination of this Grant pursuant to the Suspension and/or Termination Section herein.

J. **Audit.**

1. **Audit of Federal and State Funds.** Subrecipient shall arrange for the performance of an annual financial and compliance audit of funds received and performances rendered under this Grant as required by the Single Audit Act (OMB 2 C.F.R. 200.501, formerly A-133). 3. **Subrecipient's Liability for Disallowed Costs.** Subrecipient understands and agrees that it shall be liable to DPS/TDEM for any costs disallowed pursuant to any financial or compliance audit(s) of these funds. Subrecipient further understands and agrees that reimbursement to DPS/TDEM of such disallowed costs shall be paid by Subrecipient from funds that were not provided or otherwise made available to Subrecipient pursuant to this Grant or any other federal contract.
4. **Subrecipient's Facilitation of Audit.** Subrecipient shall take such action to facilitate the performance of such audit(s) conducted pursuant to this Section as DPS/TDEM may require of Subrecipient. Subrecipient shall ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Subrecipient and the requirement to cooperate is included in any subcontract it awards.
5. **State Auditor's Clause.** Subrecipient understands that acceptance of funds under this Grant acts as acceptance of the authority of the State Auditor's Office to conduct an audit or investigation in connection with those funds. Subrecipient further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. Subrecipient shall ensure that this clause concerning the State Auditor's Office's authority to audit funds and the requirement to cooperate fully with the State Auditor's Office is included in any subgrants or subcontracts it awards. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, working papers, and records of Subrecipient relating to this Grant.

K. Retention and Accessibility of Records.

1. **Retention of Records.** Subrecipient shall maintain fiscal records and supporting documentation for all expenditures of this Grant's funds pursuant to the applicable OMB 2 C.F.R. Subpart D – Post Federal Award Requirements, of Part 200 UGMS §.42, and this Grant. Subrecipient shall retain these records and any supporting documentation for a minimum of three (3) years from the later of the completion of this project's public objective, submission of the final expenditure report, any litigation, dispute, or audit. Records shall be retained for three (3) years after any real estate or equipment final disposition. The DHS or DPS/TDEM may direct Subrecipient to retain documents or to transfer certain records to DHS custody when DHS determines that the records possess long term retention value.
2. **Access to Records.** Subrecipient shall give the United States Department of Homeland Security, the Comptroller General of the United States, the Texas State Auditor, DPS/TDEM, or any of its duly authorized representatives, access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by Subrecipient pertaining to this Grant including records concerning the past use of DHS/FEMA funds. Such rights to access shall continue as long as the records are retained by Subrecipient.

L. Changes, Amendments, Suspension or Termination

1. **Modification.** FEMA or DPS/TDEM may modify this Grant after an award has been made. Once notification has been made in writing, any subsequent request for funds indicates Subrecipient's acceptance of the changes to this Grant. Any alteration, addition, or deletion to this Grant by Subrecipient is not valid.
2. **Effect of Changes in Federal and State Laws.** Any alterations, additions, or deletions to this Grant that are required by changes in federal and state laws, regulations or policy are automatically incorporated into this Grant without written amendment to this Grant and shall become effective upon the date designated by such law or regulation. In the event FEMA or DPS/TDEM determines that changes are necessary to this Grant after an award has been made, including changes to the period of performance or terms and conditions, Subrecipient shall be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Subrecipient's acceptance of the changes to this Grant.
3. **Suspension.** In the event Subrecipient fails to comply with any term of this Grant, DPS/TDEM may, upon written notification to Subrecipient, suspend this Grant, in whole or in part, withhold payments to Subrecipient and prohibit Subrecipient from incurring additional obligations of this Grant's funds.
4. **Termination.** DPS/TDEM shall have the right to terminate this Grant, in whole or in part, at any time before the end of the Performance Period, if DPS/TDEM determines that Subrecipient has failed to comply with any term of this Grant. DPS/TDEM shall provide written notice of the termination and include:
 - a. The reason(s) for such termination;
 - b. The effective date of such termination; and
 - c. In the case of partial termination, the portion of this Grant to be terminated.
 - d. Appeal may be made to the Deputy Assistant Director of Texas Division of Emergency Management- Recovery Mitigation and Standards, Texas Department of Public Safety.

- M. Enforcement.** If Subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application,

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest.** The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant.** DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

DAMAGE DESCRIPTION AND DIMENSIONS:					
Current Version: During the incident period from May 4, through June 22, 2015, severe flooding from storms resulted in road damage in Navaro County, Texas. Aggregate was washed away from roads resulting in deep cuts and / or erosion of the surface material in many locations. In several locations bridges were damaged and culverts were damaged or washed out.					
The Applicant is responsible for maintaining roads in the county and will undertake repairs to restore these roads to pre-disaster condition.					
Note: The factor used to convert tons to cubic yards is 1.4 for aggregate materials. The factor used to convert tons to cubic yards is 1.9 for hot mix asphaltic concrete. Small differences between the quantities of materials measured (in Cubic Yards) and the quantity of materials placed (in tons) are due to rounding errors. The quantities measured by the suppliers (measured to 0.01 Ton) were used to compute "Laid-in-Place" Costs for reimbursement.					
The following sites were damaged:					
Site 23: County Road SW2300: Between GPS 31.847792, -96.493551 and 31.839338, -96.527122; intermittent damage occurred where flooding washed away gravel from the top of the road and created ruts and holes. The total of the sections requiring repair measured 444 FT x 16 FT x 0.2 FT = 52.6 CY					
52.6 CY x 1.4 = 73.6 Tons of "Grade 2 Base"					
Flooding also washed away road base material ("3/5 Rock") in this section of road. The total used measured 98 FT x 16 FT x 0.3 FT = 17.4 CY

892.7 CY x 1.4 = 1,249.75 Tons of "Grade 2 Base"

Site 27: County Road SW2340: Between GPS 31.921135, -96.423233 and 31.886353, -96.379410; intermittent damage occurred where flooding washed away chip seal asphalt from the road surface. The total of the sections requiring repair measured 273 FT x 22 FT x 0.2 FT = 44.4 CY

SCOPE OF WORK:

Current Version:
COMPLETED WORK

NOTE: Direct Administrative Costs were for site visits and the administrative work necessary to document the cost of repairs. These administrative costs totaled \$1,416.86 and were distributed among the 3 Project Worksheets that cover the sites that were visited (\$1,416.86 / 3 = \$472.29 per PW)

The quantities (in tons) of the material placed are from the attached invoices from material suppliers. (Note that the "Cubic Yards" handwritten on these invoices is a calculation made by the County Auditor's Office and is incorrect.)

The cost of work completed shown below was calculated using "Laid-in-Place" costs as described in the attached Narrative and shown on the attached "Laid-in-Place Costs" spreadsheet. These quantities are shown in the attached "Site Material" spreadsheets furnished for each site.

Note that these sites were visited after the October / November flooding washed away the repairs from the May / June event. Therefore, accurate measurement of the repairs was not possible and the dimensions of the damage were estimated based on records of the material used in addition to the observations made in the field.

Applicant utilized Force Account labor, equipment and material to return the gravel roads to pre-disaster conditions as shown below:

Site 23: County Road SW2300: Applicant used Force Account labor and equipment to place 73.61 tons of Grade 2 Base aggregate to return the road to pre-disaster conditions.

PROJECT NOTES

-- DIRECT ADMINISTRATIVE COSTS: The subgrantee requested Direct Administrative Costs (DAC) that are directly chargeable to this project. Associated eligible work is related administration of the PA project only and in accordance with 2 CFR 200.413. These costs are treated consistently and uniformly as direct costs in all federal awards and other subgrantee activities and are not included in any approved indirect cost rates.

NOTE: Direct Administrative Costs were for site visits and these costs were distributed among all Project Worksheets that cover the sites that were visited.

- HAZARD MITIGATION PROPOSAL: Hazard Mitigation under section 406 has been considered for this project and due to the type of work or project, effective mitigation is not feasible within the requirements of 44 CFR 206.226(c).
- PROCUREMENT: The Applicant was advised by FEMA PAC and/or Project Specialist that in the seeking of proposals and letting of contracts for eligible work, the Applicant must comply with its Local, State and/or Federal procurement laws, regulations, and procedures as required by 2 CFR 317-326.
- RECORD RETENTION: As described in 2 CFR 200.33 Subgrantee must maintain all work-related records for a period of three (3) years from Subgrantee closure (final payment), all records relative this project worksheet are subject to examination and audit by the State, FEMA and the Comptroller General of the United States and must reflect work related to disaster specific costs.
- PERMITS: Federal Funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds. The applicant is responsible for obtaining all required permits prior to the commencement of work.
- ENVIRONMENTAL AND HISTORIC PRESERVATION: Applicant must comply with all applicable environmental and historic preservation laws. Federal funding is contingent upon acquiring all necessary Federal, State and Local permits. Noncompliance with this requirement may jeopardize the receipt of federal funds.
- CHANGES TO SCOPE OF WORK DESCRIBED IN THIS PW/SA (SUBGRANT APPLICATION): The applicant shall comply with all applicable codes and standards in the completion of eligible work to repair or replace damaged public facilities. Any change to the approved scope of work on a Project Worksheet (PW/SA) must be reported and approved before work begins. Failure to report changes may jeopardize Federal and State funding. In the case of a change in scope of work, the applicant should immediately notify Wendell Allen, Section Administrator, Texas Department of Emergency Management prior to starting work.
- INSURANCE REVIEW: The applicant is aware that all projects are subject to an insurance review as stated in 44 C.F.R. Sections 206.252 and 206.253. If applicable, an insurance determination will be made either as anticipated proceeds or actual proceeds in accordance with the applicant's insurance policy which may affect the total amount of the project. Approval of this project may result in an obtain/maintain insurance requirement. The Subgrantee must comply with insurance reviewer terms and conditions upon receipt of subgrant from the State.
- COST BASIS FOR LABOR, EQUIPMENT AND MATERIALS: Costs used to formulate this project were based on: (select all that apply and include data dates)
 - Unit Costs provided by Applicant

- SMALL PROJECTS, ANY CATEGORY: For small projects FEMA pays based on the actual or estimated cost in order to expedite the funds (Digest pg. 121.) FEMA does not perform final inspections on small projects; however, the state must certify compliance. The applicant does have the ability to request a small project netting (appeal) if/when significant net small over-runs occur. This process will involve a review of all documentation for all small projects and an adjustment will be made for the total actual eligible dollars spent (over-run/under-run). A final Project Worksheet will then be required in EMMIE to capture all the eligible PA costs for the small projects.
- SMALL PROJECT CHANGE REQUEST: Change requests to small project worksheets will not be approved unless there is a change in the approved scope of work. This change must be approved prior to the construction. If after completion of all small projects the applicant incurs a significant net small project overrun, the applicant must file an appeal within 60 day of completion of the applicant's last small project. Records shall be retained for three (3) years after any real estate or equipment final disposition. The DHS or DPS/TDEM may direct Subrecipient to retain documents or to transfer certain records to DHS custody when DHS determines that the records possess long term retention value.
2. **Access to Records.** Subrecipient shall give the United States Department of Homeland Security, the Comptroller General of the United States, the Texas State Auditor, DPS/TDEM, or any of its duly authorized representatives, access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by Subrecipient pertaining to this Grant including records concerning the past use of DHS/FEMA funds. Such rights to access shall continue as long as the records are retained by Subrecipient.

L. Changes, Amendments, Suspension or Termination

1. **Modification.** FEMA or DPS/TDEM may modify this Grant after an award has been made. Once notification has been made in writing, any subsequent request for funds indicates Subrecipient's acceptance of the changes to this Grant. Any alteration, addition, or deletion to this Grant by Subrecipient is not valid.
2. **Effect of Changes in Federal and State Laws.** Any alterations, additions, or deletions to this Grant that are required by changes in federal and state laws, regulations or policy are automatically incorporated into this Grant without written amendment to this Grant and shall become effective upon the date designated by such law or regulation. In the event FEMA or DPS/TDEM determines that changes are necessary to this Grant after an award has been made, including changes to the period of performance or terms and conditions, Subrecipient shall be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Subrecipient's acceptance of the changes to this Grant.
3. **Suspension.** In the event Subrecipient fails to comply with any term of this Grant, DPS/TDEM may, upon written notification to Subrecipient, suspend this Grant, in whole or in part, withhold payments to Subrecipient and prohibit Subrecipient from incurring additional obligations of this Grant's funds.
4. **Termination.** DPS/TDEM shall have the right to terminate this Grant, in whole or in part, at any time before the end of the Performance Period, if DPS/TDEM determines that Subrecipient has failed to comply with any term of this Grant. DPS/TDEM shall provide written notice of the termination and include:
 - a. The reason(s) for such termination;
 - b. The effective date of such termination; and
 - c. In the case of partial termination, the portion of this Grant to be terminated.
 - d. Appeal may be made to the Deputy Assistant Director of Texas Division of Emergency Management- Recovery Mitigation and Standards, Texas Department of Public Safety.

- M. Enforcement.** If Subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application,

a notice of award, or elsewhere, DPS/TDEM or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Increased monitoring of projects and require additional financial and performance reports
2. Require payments as reimbursements rather than advance payments
3. Temporarily withhold payments pending correction of the deficiency
4. Disallow or deny use of funds and matching credit for all or part of the cost of the activity or action not in compliance;
5. Request FEMA to wholly or partially de-obligate funding for a project
6. Temporarily withhold cash payments pending correction of the deficiency by subrecipient or more severe enforcement action by DPS/TDEM or DHS;
7. Withhold further awards for the grant program
8. Take other remedies that may be legally available

In taking an enforcement action, DPS/TDEM will provide Subrecipient an opportunity for a hearing, appeal, or other administrative proceeding to which Subrecipient is entitled under any statute or regulation applicable to the action involved.

The costs of Subrecipient resulting from obligations incurred by Subrecipient during a suspension or after termination of this Grant are not allowable unless DPS/TDEM or DHS expressly authorizes them in the notice of suspension or termination or subsequently.

Other Subrecipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

- The costs result from obligations which were properly incurred by Subrecipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and
- The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Subrecipient from being subject to "Debarment and Suspension" under E.O. 12549. 2 C.F.R., Appendix II to Part 200, (I).

- N. **Conflicts of Interest.** The subrecipient will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts and will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.
- O. **Closing of this Grant.** DPS/TDEM will close a subaward after receiving all required final documentation from the Subrecipient. If the close out review and reconciliation indicates that Subrecipient is owed additional funds, DPS/TDEM will send the final payment automatically to Subrecipient. If Subrecipient did not use all the funds received, DPS/TDEM will recover the unused funds.

At the completion of Subrecipient's performance period, DPS/TDEM will de-obligate all uncommitted funds and de-obligate all unexpended funds if final documentation is not received by the deadline.

The closeout of this Grant does not affect:

1. DHS or DPS/TDEM's right to disallow costs and recover funds on the basis of a later audit or other review;
2. Subrecipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and
4. Any other provisions of this Grant that impose continuing obligations on Subrecipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

Part I - Newly Elected Constables - The Bill Blackwood Law Enforcement Management Institute of Texas is pleased to continue the "Newly Elected Constable School." A recent act by The Texas Legislature has mandated that "a newly appointed or elected constable shall complete the initial training program for new constables not later than the second anniversary of that individual's appointment or election as constable." This mandate "applies only to an individual newly appointed or elected as constable who takes office on or after January 1, 2006." LEMIT is honored to continue hosting this training for newly elected or appointed constables of the State of Texas.

Part II - Continuing Education for Constables - This training is the mandated 40 hour block of continuing education for all elected or appointed Constables of the State of Texas. It must be completed each four year training cycle. The course material will include: 8 hours of Emotional Survival, 4 hours of Ethics/Leadership, as well as training in Writs, Citations, Collections, and Detecting Deception.

TEXAS CONSTABLES PROGRAMS

Continuing Education for Constables

The Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT) will continue to provide the Continuing Education for Constables Training (TCOLE #3743) for the next four year training cycle (September 1, 2009-September 1, 2013). We have developed a new training curriculum that will encompass your needs as a Constable in the State of Texas.

This training is the mandated 40 hour block of continuing education for all elected or appointed Constables of the State of Texas. It must be completed each four year training cycle. The course material will include: 8 hours of Emotional Survival, 4 hours of Ethics/Leadership, as well as training in Writs, Citations, Collections, and Detecting Deception.

Like all agencies across the State of Texas, LEMIT must ensure its responsibilities are met within budget constraints. To do this, effective September 1, 2009, Constables registering for training will be responsible for paying for their own travel and lodging costs. LEMIT will no longer be able to fund the travel and lodging costs. LEMIT will continue to provide instructors, training materials, and lunch for this course.

The course will begin at 8:00 a.m. Monday and conclude at noon on Friday. The class days will include a 1 hour working lunch.

Please complete a registration form and submit it by mail or fax (936-294-1387) to the Institute as soon as possible. In submitting your registration form, space permitting, you will be registered for your choice of program and receive a confirmation e-mail or letter. If a class reaches maximum capacity, you will be placed on a waiting list. Because of the legislative mandate, we are only able to provide this course to the elected or appointed Constables. Deputy Constables are not eligible for this training at this time.
