FY19 Competitive Discretionary Grant Program Request for Applications (RFA)

Section I: Program Overview

The Texas Indigent Defense Commission (Commission) provides financial and technical support to counties to develop and maintain quality, cost-effective indigent defense systems that meet the needs of local communities and the requirements of the Constitution and state law. The Commission may provide Competitive Discretionary Grants for any program that improves the provision of indigent defense services.

Period for Funding and Program Operation: October 1, 2018 to September 30, 2019.

Application Due Dates: Applications must be submitted online through the Commission's Grant and Plan Management Website (<http://tidc.tamu.edu>). New applications for Competitive Discretionary Grants follow a two-tier process.

- First, applicants must submit a brief Intent to Submit Application (ISA) by **5pm on March 9, 2018**.
- Second, applicants that receive a Notice to Proceed with Full Application must submit by **5pm on May 4, 2018**.
- "Menu-Option" applications (see below) must be submitted by **5pm on May 4, 2018** and do not require an ISA.

Late or incomplete submissions will not be accepted.

Competitive Discretionary Grant Categories

New Single-Year Discretionary Grants

- The number of Menu Option Applications funded may be limited based on availability of funds and number of applications submitted.
- Samples of the Menu Option grant applications are provided in Attachments D and E.

Continued Multi-Year Discretionary Grants

- Requests for scope changes, amendments or budget adjustments may be submitted with Continued Multi-Year applications.

Priority Program Areas

Applications for the following program types shall be given funding priority:

- Managed indigent defense programs that put in place mechanisms to ensure quality representation. This includes but is not limited to managed assigned counsel and public defender programs.
- Regional indigent defense services.
- Specialized (mental health, juvenile, capital, etc.) indigent defense services.
- Programs that serve rural areas.
- Programs that measure the quality of representation for indigent defendants.
- Online indigent defense management systems.

Preferred Applications will have the following characteristics:

- Demonstrate how the proposed activity will be a model program or can be duplicated in other jurisdictions.
- Involve coordinated multi-county submissions.
- Demonstrate a county's long term commitment to the program.
- Contain a cash match from the county or other non-governmental source.
- Have minimal or no indirect costs requirements.
- Serve small counties (population less than 50,000) or mid-sized counties (50,000 to 250,000).

Grant applications that are consistent with the Commission's standards, related statutes, and above listed priorities are more likely to receive a discretionary grant award.

Eligibility

The following entities are eligible for Competitive Discretionary Grants:

- Texas counties. Counties may apply jointly for funding but must designate one county as the grant recipient.
- A law school's legal clinic or program that provides indigent defense services for Texas counties as described in Section 79.037, Texas Gov't Code.

Grant Application Training

A web based training session will be offered in February 2018 for counties considering an application. Check the Commission website for details.

Section II: Application Process & Requirements

Tier One—Intent to Submit Application (ISA) Requirements

Applicants must complete an online Intent to Submit an Application (ISA) before developing a full application. The ISA includes four parts: problem statement, program goals, activities, and evaluation. Applicants will also designate the grant officials and state the estimated total project costs, keeping in mind that the amount may change in the application. The ISA must be limited to one program and will be a succinct description of an indigent defense improvement that will be implemented if grant funds are awarded to the county. The ISA may not exceed the space provided in the online submission form. Any text beyond the word limit will be discarded by the system.

- **Abbreviated Description of Program**—Counties will submit a brief description of the indigent defense improvement the courts or county propose to implement. This description will be entered into the Commission's [Grant and Plan Management Website](#).
- **Court Commitment**—The ISA must contain a letter of support from at least one judge who will be affected by or participate in the proposed program. A judge hearing criminal or juvenile matters may complete the online ISA without an additional letter but the application will need a court commitment document (Attachment B). Please scan and email these documents to the Commission Grant Program Manager at ecolfax@tidc.texas.gov
- **Internet Submission Required**—All county judges, local administrative district judges, local administrative statutory county judges, and county fiscal officers have been assigned a unique user name and password for grant applications, plan submissions, and expense report submissions in the Commission's [Grant and Plan Management Website](#). Non-county applicants should contact the Commission Grant Program Manager for submission instructions.

Due Date for ISA—All ISAs and supporting documents must be submitted before 5:00 PM on March 9, 2018, using the [Grant and Plan Management Website](#). A confirmation number will be assigned to all online ISA submissions. **Incomplete or late submissions will not be considered.**

Notice to Proceed with Full Application

The Commission Grants Manager will review all ISAs and will issue a **Notice to Proceed with Application** to applicants who demonstrate that they meet the funding priorities and other requirements contained in this RFA. The Notice to Proceed may include suggested improvements to consider in developing the full application.

Tier Two—Full Application Requirements

If the Grant Administrator provides a Notice to Proceed with Application, the applicant may log into the [Grant and Plan Management Website \(http://tidc.tamu.edu\)](#) and complete the other portions of the application. Each application must have a narrative section that describes the proposed activity. The narrative portion of the application consists of seven sections that must be completed. Additionally, an online budget form must be completed. Each of these elements must be completed for the application to receive full consideration. An incomplete or blank section decreases the likelihood of the program

receiving funding because no score will be assigned to missing information. The online system will accept basic formatting and simple tables. The sections are:

- a. **Introduction (Executive Summary)**—In one hundred (100) words or less, describe the program and the main goals to be addressed. This paragraph will be the abstract of the project. Clearly state what the program will do and the broad goals that will be met if the program is funded. The summary will be most useful if it is prepared after the application has been developed in order to encompass all the key summary points necessary to communicate the project.
- b. **Problem Statement**—Describe the issue or problem the proposed activity is intended to improve or correct. Make a clear, concise, and well-supported statement of the problem to be addressed. Provide any formal or informal data related to the problem. Include information about the affected populations, social and economic costs of the issue, and resources currently used.
- c. **Objectives**—Develop clear targets and goals for the program to accomplish. State how the objectives address the problem stated above.
 - i. Objectives must be related to the program in this application and the funds requested.
 - ii. Objectives must be time/date specific and measurable.
 - iii. Objectives are the basis for the evaluation and progress reports.
 - iv. Objectives must be consistent with the Problem Statement.
- d. **Activities**—Describe the specific activities the county will conduct if awarded grant. The activities should support the objectives.
 - i. Include detailed instructions of step-by-step procedures that will take place to implement the program and the resources needed to complete each task.
 - ii. Make sure to incorporate the required elements for the types of programs listed on Attachment C.
 - iii. Include **start-up tasks and the ongoing program activities** that staff will perform to implement the program.
 - iv. Write this section so that outsiders know exactly what the county plans to do.
 - v. Provide justification related to effectiveness and/or economy of the activity proposed. Include supporting research on this activity if available.
 - vi. Describe whether the existing staff and/or contractors will perform tasks, reports, etc. or if new staff positions will be created to implement the program. If the program will be implemented through a contract, include information on the selection process.
 - vii. If the proposed program implements a new component into an existing process or program, clarify how the new process is different from existing programs.
- e. **Evaluation**—Describe the process that will be used to determine whether the program has met the stated objectives and the measures that will be used to demonstrate the program's impact.
 - i. Evaluation must be linked directly to the objectives and activities. The evaluation must measure both the progress made toward implementing the grant-funded activity and the effect of the program once it is in operation.
 - ii. Measure the attainment of objectives in a specific and tangible manner (e.g., applications of indigence and requests for appointed counsel will be accepted electronically and maintained in an online data management system).
 - iii. Measures must be quantifiable (e.g., count the number of requests for counsel received).
 - iv. Measures must be time specific (e.g., requests for counsel will be counted from February to January and reported monthly).
 - v. Measures must identify the manner in which they will be recorded for future review (e.g., a report or screenshot of the programming results, affidavit of

- acceptance of work, or summary database). Data collection cooperation agreements with other county offices and departments are strongly recommended so that the county can demonstrate it will be able to meet data collection and evaluation goals.
- vi. The evaluation provides meaning to the program objectives. The measure of success is determined by the goals and objectives of the proposed activity. Describe how milestones, accomplishments, and timelines will be tracked and recorded.
 - vii. Evaluations must demonstrate how the program impacts other county processes when applicable. The evaluation reports are submitted during and after the implementation phase and in accordance with UGMS. Evaluations are both fiscal and programmatic. Process evaluations may also be included.
- f. **Future Funding**—Describe how the proposed activity fits into the county's long-term budget planning after the grant ends.
- g. **Budget Narrative and Budget Form (a narrative is required in addition to completing the form)**—Counties will submit the online budget form. Budgets must clearly state the costs to implement and sustain the operation of the program. The budget narrative justifies all expenses and must be consistent with the activities and objectives.
- i. Include all costs necessary to implement the proposed activity.
 - ii. Provide a narrative to detail and justify all budgeted expenses. This narrative must correspond to the activities sections. Items in the budget not stated in the activity section will be removed.
 - iii. Indicate in the budget and narrative the start-up or non-reoccurring costs for multi-year grants.
 - iv. Indirect costs are allowable but the application will not be considered competitive if above 10%.
 - v. The equipment line requires a list of equipment to be purchased. All equipment must be purchased in the first year of the grant unless permission is granted from the Commission in writing. Otherwise, the equipment costs will not factor into the total project cost after the first year of funding.
 - vi. Budget line items must include detailed basis of cost explanations in the budget narrative.

In addition to the full grant application narrative and budget described above, applicants must submit the following:

1. **Resolution/Internet Submission Form** – Counties applying for grants must also submit the Resolution/Internet Submission Form (See Attachment A) in order for the Commission to consider the application. The resolution must be adopted by the County Commissioners Court, signed by the applicant's authorized official, and emailed to the Commission Grants Manager (ecolfax@tidc.texas.gov).
 - The adopted resolution is the official authorization from the Commissioners Court for the grant request. It names the grant officials required in Texas Administrative Code § 173.301. It is also a pledge to take legal responsibility for the appropriate expenditure of grant funds. Finally, it certifies that the information submitted in the application material is true and correct and that the county will abide by all relevant rules, policies, and procedures if the Commission awards grant funds to the county.
 - The Internet Submission Form is a separate form located on the bottom of the Resolution Form. The Internet Submission Form must contain the confirmation number that will be generated when the application is submitted. The confirmation number may be completed by hand after the Resolution Form is approved by Commissioners Court and the application is submitted.
2. **Court Commitment**— The judiciary is responsible for implementing indigent defense procedures within counties. Applications must include letter(s) of support from the judges who

will participate in or implement the program (See Attachment B). Attachment B is a **sample form** and must be edited to describe the level and type of commitment the judges will provide to the specific program in the application.

3. **Other Supporting Documents**— Additional material such as timelines, data collection cooperation agreements, general letters of support, or other supporting documents must be submitted to the Commission Grants Manager before the application due date.
4. **Additional Requirements for Technology Grant Requests**—Budget narratives for technology projects must include detailed basis of cost information. In addition, the Commission has issued Functionality and Data Guidelines for Indigent Defense Technology Projects (see Attachment F) that should be carefully reviewed when preparing technology-related grant applications. Applications should address the extent to which the proposed project is consistent with the guidelines, as well as the reasons for any departures from the guidelines.

Due Date for Full Application— All applications, court commitments, and supporting documents must be submitted by 5:00 PM on May 4, 2018, using the Grant and Plan Management Website. A confirmation number will be generated by the system for all online submissions. This is the number that needs to be entered in the Internet Submission Form portion (bottom) of the Resolution.

General Application Requirements

- a. **New Programs and Positions**—Only new programs and/or positions will be funded. This may include adding new positions or new elements to existing programs. The application must clearly demonstrate that the requested positions will perform work that is not currently provided.
- b. **Maximum Applications**—A county may submit one new single-year and one new multi-year application per fiscal year for a maximum of two new applications. The application should indicate whether it is a single-year or multi-year program.
- c. **Grant Officials**— Each grant application must designate the following:
 - i. **Program director**. This person must be the officer or employee responsible for program operation or monitoring and will serve as the point-of-contact regarding the program's day-to-day operations.
 - ii. **Financial officer**. This person must be the county auditor or county treasurer if the applicant does not have a county auditor.
 - iii. **Authorized official**. This person must be authorized to apply for, accept, decline, modify, or cancel the grant for the applicant county. A county judge or a designee authorized by the governing body in its resolution may serve as the authorized official.
 - iv. The program director and the authorized official may be the same person. The financial officer may not serve as the program director or the authorized official.

Fiscal Application Requirements

- a. **Multi-Year Funding**— Funding is available for multi-year programs to encourage innovative long-term programs to improve the delivery of indigent services. Continued awards for multi-year programs can be renewed each year, but the Commission will only commit funding for the current grant year.
- b. **Equipment Costs**— Equipment and other one-time costs will only be funded in the first year of the grant unless permission is granted by the Commission in writing. The Commission's portion of the grant and the cash match after the first year of funding will be calculated based on the total project costs less the equipment expenses from the first year.
- c. **Calculating the Cash Match**
 - i. **Formulas:**
 1. Total Project Cost multiplied by percent of match required = Total Match Required

2. Total Project Cost minus Total Match Required = Total Commission Grant Request
- ii. Match Requirements:
1. **Single-Year Grant Funded Positions**– Applicants for all single-year discretionary grants that request full time equivalent positions (FTE) must provide a fifty percent (50%) cash match.
 2. **Single-Year Videoconferencing**– Applications for videoconferencing equipment require a fifty percent (50%) cash match. Upon completion of the implementation stage the county must demonstrate that it is able to connect to one other funded or previously funded county. Counties may use the videoconferencing system for any hearings authorized under Texas Code of Criminal Procedure Chapter 46B.
 3. **Technology Projects** – Software development projects with significant direct indigent defense benefits impacting multiple counties may be grant funded at up to 50%. Indigent defense software implementation projects, including CUC TechShare Indigent Defense implementation (involving set-up, configuration and training) requires a 50% county match. Maintenance and operations costs for new counties joining CUC TechShare Indigent Defense are not eligible for discretionary grant funds. Business process consulting associated with preparation to implement software, computer system connectivity and integration projects and county-specific modifications to software developed through multi-county TIDC grant projects are not eligible for discretionary grant funds.
 4. **Multi-year Requests**– Counties must provide a cash match from county or other funds of 20% of total project costs in the first funding year, 40% the second funding year, 60% the third funding year, and 80% the fourth funding year. An applicant’s use of matching funds must comply with the same statutes, rules, regulations, and guidelines applicable to the use of the Commission funded portion of a grant project.
 5. **Use of Program Income**– Applicants may use funds received through program income to fulfill the matching funds requirement, if applicable.

Section III: Funding Conditions & Requirements

Conditions of Funding

- 1) **Indigent Defense Expenditure Report:** All counties are statutorily required (Texas Government Code Sec. 79.036 (e)) to submit an Indigent Defense Expenditure Report each year on November 1 in the form and manner prescribed by the Commission. Counties that do not complete the Indigent Defense Expense Report on or before November 1 of each year may have payments temporarily suspended by Commission staff until the report is submitted and reconciled by staff.
- 2) **Indigent Defense Plan Requirements:** The Local Administrative District Judges, the Local Statutory County Court Judges (or County Judge as applicable) and the Chairman of the Juvenile Board for each county must submit a copy of all formal and informal rules and forms that describe the procedures used in the county to provide indigent defendants with counsel in accordance with the Code of Criminal Procedure (Countywide Plans) to the Commission as required in Government Code §79.036. The Countywide Plans submitted must be in compliance with applicable statutes and rules and must meet the minimum requirements for each plan section as outlined in the Biennial Indigent Defense Countywide Plan Instructions. Plans were required to be submitted by November 1, 2017. Grant payments may be withheld until plans are submitted or meet the minimum requirements for each plan section set by Commission.
- 3) **Compliance with Monitoring Reports:** A county must respond within the required time, take corrective action for findings of non-compliance, and satisfactorily address all recommendations in a Commission fiscal or policy monitoring report.
- 4) **Office of Court Administration Reporting Requirements:** County and district clerks must be in compliance with monthly court activity reporting requirements promulgated by the Texas Judicial Council.

Governing Statutes, Rules and Standards

All Commission grant programs are governed by one or more of the following statutes, rules, and standards. These documents are available at: <http://www.tidc.texas.gov>.

- Texas Government Code: Chapter 79 & Chapter 81 § 054
- Texas Administrative Code: Title 1 Chapter 173 and Chapter 174
- Uniform Grant Management Standards (UGMS) as promulgated by the Texas Comptroller of Public Accounts.

Commission Funding Policies

- a. **Right of Refusal**—The Commission reserves the right to reject any or all of the applications submitted.
- b. **State Funds Availability**— All commitments are subject to availability of funds.
- c. **Awards**— Publishing the RFA does not obligate the Commission to fund any programs.

- d. **Partial Funding**– The Commission may choose to offer funds for all or any portion of a program submitted in the application.
- e. **Substitution**–The Commission may offer alternative funding sources, special conditions, or alternative program elements in response to submitted applications.
- f. **Competitive Application Process**–The application process for the Commission’s Discretionary Grant Program is competitive. Awards are based on a review of the County’s grant application. Receipt of a Notice to Proceed with Application does not guarantee funding by the Commission or alter the competitive nature of the process.
- g. **Review Criteria**–Commission staff will review each grant using objective tools and comparative analysis. The weight given to each section or combination of sections is at the sole discretion of the Commission. Menu Option Applications will be reviewed based on project budget review and availability of funds.
- h. **Final Selection**–The Commission may select and award programs that reflect geographic diversity, demographic diversity, and/or distinctive program elements at its own discretion.
- i. **Future Funding for Multi-Year Projects**–The Commission generally commits funding only for the current grant year. Future funding will be based on the county’s submission of an application to continue funding in subsequent years, submission of required progress reports, a demonstration of successful progress made in implementing the program, and future availability of funds.
- j. **Formula Grant**–Counties that receive multi-year discretionary grants from the Commission are encouraged to continue to apply for the Formula Grant. The county will submit its Indigent Defense Expenditure Report on or before November 1 of each year. If the implementation of the grant program results in a reduction of the county’s indigent defense expenditures below the baseline, formula grant funds may be withheld by the Commission.
- k. **Delayed Start**–The Commission’s Period for Funding and Program Operation is October 1 to September 30. Counties may begin to make program expenditures on October 1; however, multi-year grant programs occasionally require counties to postpone expenditures for several months. The hiring of the first program position typically marks the first month of Program Operation for multi-year grants. In order to allow a grantee to take advantage of the typical first-year 80% cash match, the funding amounts will be calculated from the first month of program operation. If approved for continued funding, the county will enter into the next grant period with the previous year’s reimbursement rate for a temporary period that is equal to the duration of the first year’s delay. The remainder of the renewed grant period will be reimbursed at the match rate for the corresponding grant year. This process will carry forward each year until the program is complete. Grant documentation will reflect the county’s funding schedule and any adjustments that may be required because of the delayed start of program operation.
- l. **Supplanting Prohibited**–Commission funding can only be awarded for **new programs**; a county may not reduce the amount of funds provided for indigent defense services because of a grant award.
- m. **Dual Use**– If a county applies for an indigent defense program that may be tied to a general government process, the county must provide documentation and rationale to establish a basis of costs to determine the portion of a program/project that is attributable to indigent defense.

Program Fiscal Requirements

- a. **Fund Use**– Funds must be used to pay for the direct and/or administrative costs of providing and improving indigent defense services.
- b. **Allowable Costs**– Grants may be used for:
 - i. Attorney fees for indigent defendants accused of crimes or juvenile offenses;
 - ii. Expenses for licensed investigators, experts, forensic specialists, or mental health experts related to the criminal defense of indigent defendants; and
 - iii. Other approved expenses allowed by this grant program or necessary for the operation of a funded program.

- c. **Unallowable Costs**– The Commission has adopted the Uniform Grant Management Standards (UGMS) to determine unallowable costs. See UGMS for a full list of unallowable costs. Specifically, in accordance with UGMS and the grant rules the following conditions apply:
 - i. General government costs are unallowable;
 - ii. Costs of law enforcement, prosecution, and incarceration are unallowable;
 - iii. Replacing existing county funding with grant funds is unallowable; and
 - iv. Funding positions that previously existed or currently exist in the county is unallowable.
- d. **Failure to Begin**– Failure to begin operating the program before the end of the grant award period may constitute a failure to meet performance measures unless authorized by the Commission.
- e. **Dual Use**– If a county applies for an indigent defense program that may be tied to a general government process, the county must provide documentation and rationale to establish a basis of costs to determine the portion of a program/project that is attributable to indigent defense.

Grantee Reporting Requirements

- a. **Maintain Official Contact Information**– All counties must maintain correct grant official contact information on the Commission's Grant and Plan Management Website (<http://tidc.tamu.edu>). Counties must advise the Commission of changes in the authorized official, program director, financial officer, local administrative district judge, local statutory county judge and county judge by updating contact information. Commission staff will use e-mail whenever possible to notify counties of required reports and funding opportunities.
- b. **Reports**– Online fiscal and program reports are required each quarter. All grants will require at least one follow-up report outside of the grant period. A reporting schedule will be provided in the Statement of Grant Award (SGA) if the Commission authorizes a grant award.

Program Records Requirements

- a. **Data Collection and Agreements**—The County must collect data to support the evaluation of the program's impact and compliance with the Fair Defense Act. This may require Data Collection Agreements from county offices or departments to provide information to the program director on a regular basis.
- b. **Records Retention**– Counties must maintain records related to the funded activity for at least three years after the end of the grant period. Records may be stored electronically.
- c. **Monitoring and Auditing**– Records must be made available to the Commission or its designees upon request. (See Texas Administrative Code § 173.401 for more details.)

Program Equipment and Purchasing Requirements

- a. **Use DIR State Contract**– All technology, equipment and software must be purchased from the DIR State Contract. The county may submit a written request for exception that demonstrates why the DIR contract cannot be used for this project.
- b. **Inventory**– Equipment purchased with grant funds is the property of the county. The Commission requires each grantee to maintain an inventory record of all equipment purchased with grant funds. After the grant period expires, the grantee must complete a physical inventory of all grant funded property and must reconcile the results with the existing property records. The inventory report must be submitted and reconcile with the final financial expenditure report.
- c. **Equipment and Software Maintenance**– All equipment and software purchased with grant funds shall include at least three (3) years and no more than five (5) years of maintenance to ensure the equipment and software will operate as intended during and beyond the grant period. **For multi-year grants, the cost of the actual equipment and other one-time costs will only be funded the first year of the grant and will not factor into the overall project costs in subsequent years of funding.**
- d. **Technology Standards** - Software developed with grant funds must conform to applicable industry information exchange standards including the National Information Exchange Model (NIEM) and the Electronic Case File (ECF) 4 standards.

Applications that include information technology projects must also address how the projects meet applicable technology standards adopted by the Texas Department of Information Resources (DIR) and Judicial Committee on Information Technology (JCIT) as applicable. If no relevant standards are available from DIR or JCIT, then the county must meet commonly accepted technology standards such as Open Data Base Compliant (ODBC) or Transmission Control Protocol/Internet Protocol (TCP/IP) as applicable.

- e. **Interconnectivity of Communications Technology**– In the purchase of communication equipment, the County will connect to at least one site previously funded by the Commission to demonstrate its connectivity.

Contracting Requirements

- a. **Professional and Contractual Services**– Any contract or agreement entered into by a grantee that obligates grant funds from the Commission must be in writing and consistent with Texas contract law. Grantees must establish a contract administration system to ensure that contract deliverables are provided as specified in the contract. Grantees must regularly and consistently document the results of their contract monitoring reviews and must maintain the files and results of all contract monitoring reviews in accordance with the record retention requirements described in this section of the RFA. A grantee's failure to monitor its contracts may result in disallowed costs and/or disallowed match.
- b. **Commission Review**—Contracts with third parties for core services in funded programs must be provided to the Commission and approved prior to execution.
- c. **Contract Performance Monitoring**—Grantees that use grant funds to contract for services must develop and include in the contract provisions to monitor each contract that is for more than \$10,000 per year. These provisions must include specific actions to be taken if the grantee discovers that the contractor's performance does not meet the operational or performance terms of the contract. In the case of contracts for public defender offices and managed assigned counsel programs, these provisions must include a review of utilization and activity, reporting of financial data to evaluate the contractor's performance within the budget required by statute for such programs. Commission staff must review each contract at least once every two years and notify the grantee if it is not sufficient (See TAC § 173.311).
- d. **Limit on Equipment for Third Party Contracting of Legal Services**– Counties that contract with third parties to provide direct client indigent defense services may have included one-time purchase of equipment in the grant application. Counties may not include in the contract with the third party the full costs of the equipment line item into future funding years.

Attachment C Required Program Elements

The Commission has funded several programs in the categories listed below. In addition to general program requirements provided throughout the RFA, applications for these specific types of programs must include the following required elements to be considered for funding.

1) Indigent Defense Coordinators (IDC)—These are single-year grant programs. IDCs have been funded to institutionalize indigent defense processes into the courts of a county or region. They are dedicated to improving the appointment process and providing documentation that a county is in compliance with the Fair Defense Act. IDCs have reduced administrative time that judges must devote to indigent defense activities. They can also enhance processes for fair, neutral and non-discriminatory appointment practices. A clear and objective standard of indigence with a timely appeal process to the courts in case of denial by the IDC ensures success of these programs. IDCs are not to be confused with court administrators, secretaries, or court docket managers.

Required Program Elements:

- a) Must perform all appointments (in and out of court) as the designee of the judge or judges;
- b) Must maintain the rotation default system on assigned counsel systems and monitor the frequency and reasons of exception for off list appointments;
- c) Must report summary of appointment data to judges at least monthly;
- d) Must manage the graduated list of court appointed attorneys for judges and receive applications for advancements or adjustments as higher qualifications are met by attorneys;
- e) Must monitor appointment list and attorneys' completion of continuing legal education (CLE) to meet minimum requirements of local plan and Commission rules;
- f) Must review invoices submitted by attorneys and compare to appointment schedule prior to judicial approval;
- g) Perform training for law enforcement, magistrates, local bar, and other stakeholders on indigent defense plan(s) adopted by courts;
- h) Report directly to the judges (rural) or board of judges (mid-size or urban);
- i) Develop procedures to track attorney contact with client, which includes tracking, investigating and reporting allegations of attorneys not meeting their clients within statutory or plan requirements; and
- j) Must involve all courts in the jurisdiction (rural and mid-sized) or all of the judges of a type of court (larger jurisdiction).

2) Videoconferencing (VC)—The Commission has funded programs that use technology to provide better representation or promote prompt appointment requirements. The courts can use the technology to remediate the effects of geography or volume on court processes. An acceptable VC system will focus on improving access to effective assistance of counsel for indigent defendants. It may also help the county meet prompt appointment or prompt attorney contact requirements of the Fair Defense Act. The Commission awards videoconference grants to meet the three following objectives:

- A. Attorney/Client meetings - Promotes client contact with appointed attorneys.
- B. Magistration – Counties can use VC technology to improve the performance of magisterial duties, including the duties to: inform the accused of the right to appointed counsel and the procedures for requesting appointment of counsel, provide accused persons requesting appointed counsel with necessary forms for making requests and ensure that reasonable assistance in completing required forms is provided to the accused at the time of the magistrate’s hearing.
- C. Indigency determinations and applications - The court may use the technology to conduct the interview to determine indigence or to consider requests for court appointed counsel.

Required Program Elements:

- a) Must meet the needs of local attorneys on the appointment list and involve the local defense bar in the planning stages;
- b) Must be used by all judges in the jurisdiction involved in the specific aspect of the program (e.g., includes a countywide process change in magistration, attorney/client meetings, etc.);
- c) Must be used to meet a specific element of the Fair Defense Act (e.g., indigence determination, magistration, attorney contact, etc.);
- d) Must involve sheriff, jail administrator and other law enforcement as applicable;
- e) Must be purchased from the DIR contract (see program requirements);
- f) Must include the price of at least three years of maintenance;
- g) Must demonstrate that it is able to connect to one other funded or previously funded county; and
- h) Must be able to communicate with other court systems (open or shared technology).

3) **Purchase of Information Technology Products**—Many IT products may be considered for funding only in relation to how they improve local indigent defense processes. Any project allowed under this type of purchase must clearly focus on improving indigent defendants’ access to effective assistance of counsel. These projects often reduce administrative time of judges and court staff involved in the appointment or payment process.

Required Program Elements:

- a) Must meet the needs of local attorneys on the appointment list and involve the local defense bar in the planning stages;
- b) Software programming must be portable to other jurisdictions;
- c) The IT product may not be a common business practice that is expected to be found in any county (e.g., fax machine, telephone, etc.);
- d) The product must have clearly defined activity, summary, and management reports; and
- e) Must avoid use for general court processes.

4) **Public Defender Offices and Direct Client Services**—Establishing public defenders, regional public defenders, mental health defender and juvenile defender services are major priorities of the Commission. Direct client services are the most likely to receive funding.

Required Program Elements:

- a) Must focus on serving people;
- b) Must demonstrate broad-based support of the local judiciary;
- c) Must involve the local defense bar in the planning stages;
- d) Must involve a clear appointment/referral and intake processes;
- e) Public defender offices must demonstrate the use of the Blueprint for Establishing a Public Defender Office in Texas;
- f) Must include adequate access to support services including secretaries, paralegals, and investigators (lawyer to support staff ratio);
- g) Must have defined caseload/workload standards;
- h) Must have internal case management/tracking controls sufficient to monitor attorney caseload/workload;
- i) Must have ability to produce other reports that enable the office to evaluate its own performance and demonstrate its cost-effectiveness to other local defense systems; and
- j) Emphasis on staff training/supervision/evaluation to continually improve office performance.

5) **Mental Health Direct Client Services:**

Required Program Elements

- a) A written plan must be developed how the program will interface with and not duplicate existing resources (MHMR, TDCJ Reintegration, CSCD, etc.) available to people with mental health issues; and
- b) Must involve the local defense bar in the planning stages.
