Re: Navarro County - Liability Renewal Questionnaire

Thank you for participating in TAC Risk Management Pool's Liability Programs. As we prepare your October 2018 renewal, there are a few questions we need you to answer so that we can provide you the most comprehensive and cost effective Liability coverage possible. To ensure that we have up-to-date information, please fill out each page completely and make any changes directly to the document. You can also provide supplemental sheets as necessary. Please note that omitted information may result in an exclusion from coverage.

The Interlocal Participation Agreement, Section 4. Annual Contribution, 4.01 requires that the member timely submit to the Pool documentation necessary for the Pool to properly underwrite the renewal.

Some of the new Liability Coverage enhancements that we are presenting this year are:

- **Cyber Coverage:** Increased the main limit from \$1,000,000 to \$2,000,000 and renamed to Privacy and Security Liability and Expense coverage.
- **General Liability**: Incorporated coverage for law enforcement watercraft into the main coverage document.
- **Public Official and Law Enforcement Liability**: Expanded coverage for malicious or criminal act or omission. Also incorporated punitive damages into the main limit of liability.

Please complete the Liability Renewal Questionnaire and return it and any supplemental documents within 30 days. If you need help completing the Liability Renewal Questionnaire, please contact me at 800-456-5974, by fax at 512-478-1426, or email me at sabrinae@county.org.

Acknowledgement and Acceptance

Navarro County (Member) acknowledges that the information submitted in this questionnaire and Auto Schedule is true and accurate, including all known potential claims. The information submitted may be used by the Pool in processing the renewal and in assessing the coverage needs of Member. The questions posed, or any wording of the questionnaire, should not and may not be relied upon by Member as implying that coverage exists for any particular claim or class of claims. The only coverage provided by the Pool to Member is as described in the applicable Coverage Document, including any endorsements and the Contribution and Coverage Declaration, issued to a covered Member.

Memeber acknowledges and agrees that vehicles not listed on the attached vehicle schedule, and/or additionally identified by Member as an update to the attached vehicle schedule, will not be provided coverage during the Coverage Period.

If Member makes no changes, the Pool will assume Member is requesting renewal for the same Liability Coverage as in the previous applicable Coverage Period. Member understands that any failure to fully and accurately answer the questionnaire and any attached schedules may result in denial of coverage provided by the Pool. Coverage issued for Public Officials Liability and Law Enforcement Liability will apply on a Claims Made Basis.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Navarro County Emergency Services District #1 Powell, Texas

I have audited the accompanying financial statements of the governmental activities of the Navarro County Emergency Services District #1, as of and for the fiscal year ended September 30, 2017, which comprise the District's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Navarro County Emergency Services District #1, as of September 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other-Matters**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages *ii* through *iv* be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

#### **Management's Discussion and Analysis**

#### Navarro County Emergency Services District #1

As management of the Navarro County Emergency Services District #1, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the Navarro County Emergency Services District #1 for the fiscal year ended September 30, 2017. The District was created as a result of an election held November 6, 2007. The first meeting of the Board of Commissioners was held January 6, 2008.

#### **Financial Highlights**

- The assets of the Navarro County Emergency Services District #1 exceeded its liabilities at the close of the most recent fiscal period by \$ 279,517.13 (net position). Of this amount, \$ 84,095.91 may be used to meet the District's ongoing obligations to citizens and creditors.
- The District's total net position during the year increased by \$ 20,100.91.
- At the close of the current fiscal period, the District had short-term debt outstanding in the amount of \$ 64,683.05.

#### **Overview of the Financial Statements**

This discussion and analysis are intended to service as an introduction to the Navarro County Emergency Services District #1's basic financial statements. The District's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Navarro County Emergency Services District #1's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The governmental activities of the District reported in the government-wide financial statements include general government activities. The government-wide financial statements can be found on pages 1 and 2 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Navarro County Emergency Services District #1, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Navarro County Emergency Services District #1 has only a General Fund, which is a governmental fund.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resource available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The basic governmental fund financial statements can be found on pages 1 and 2 of this report.

The Navarro Emergency Services District #1 maintains one governmental fund, the General Fund. It is not required by state statutes to adopt a budget. However, the District annually prepares and approves a budget that is used as a management tool.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 6-8 of this report.

#### **Overview of the District's Financial Position and Operations**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Navarro County Emergency Services District #1, assets exceeded liabilities by \$ 279,517.13 at the close of the most recent fiscal year. The District's overall financial position and operations for the past two years is summarized as follows based on the information included in the government-wide financial statements.

#### Navarro County Emergency Services District #1 Notes to the Basic Financial Statements For the Fiscal Year Ended September 30, 2017

#### 1. Reporting Entity and Financial Reporting

The Navarro County Emergency Services District #1 is a political subdivision of the State of Texas, created as a result of a public election held November 6, 2007, under the provisions of Section 48-e of Article III of the Constitution of the State of Texas and Chapter 775 of the Texas Health and Safety Code. The Board of Commissioners held its first meeting on January 6, 2008. An Emergency Services District may support or provide local emergency services, including emergency medical services, emergency ambulance services, rural fire prevention and control services, and other emergency services authorized by the Texas Legislature. The purpose of the Navarro County Emergency Services District #1 is to provide fire prevention and control services for the geographic area included in the Kerens Independent School District. The accompanying financial statements are those of the District, the only entity for which the District is financially accountable.

#### II. Summary of significant accounting policies

#### (A) Government-wide and fund financial statements

The government-wide financial statements (i.e. the statement of net position, and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

(B) Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred as under accrual accounting.

The District reports the following major governmental funds:

General Fund - The general fund is the District's primary operating fund. It is used to account for all financial resources of the general government except those required to be accounted for in another fund.

(C) Assets, liabilities, and net position or equity

#### (1) Deposits

The District's cash and cash equivalents consist of three demand deposit accounts, one of which is an interest-bearing savings account. The District has a demand deposit account for the purpose of segregating funds received from Navarro County to be used for supplementing fuel costs for fire-fighting equipment.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

#### (2) Receivables

All receivables are shown net of estimated uncollectible amounts.

#### (3) Property Taxes

The appraisal of property within the District is the responsibility of the Navarro County Appraisal District. The Emergency Service District's property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. The net assessed value upon which the fiscal 2016 levy was based was \$ 286,185,732. Taxes are due by the January 31 following the October 1 levy date. Current tax collections for the year ended September 30, 2017 were 96.5% of the tax levy.

#### (III) Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation between fund balance of total governmental funds and net position of governmental activities as reported in the government-wide statement of net position.

The governmental statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances of total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities.

#### (IV) Stewardship, compliance, and accountability

State statues do not require that an emergency services district adopt a budget; however, the Navarro County Emergency Services District #1 Board of Commissioners annually prepares and approves a budget to use as a financial management tool.

#### (V) Detailed Notes on All Funds

#### A. Deposits

As of September 30, 2017, the District's carrying amount of deposits was \$ 84,819.79; the bank balance was \$84,819.79. All bank balances were entirely covered by federal depository insurance coverage.

#### B. Receivables

As of year-end, receivables consisted of property taxes receivable in the amount of \$ 18,734.91.

#### C. Note Payable

On December 16, 2015 the District obtained a short-term note payable from the Powell State Bank in the amount of \$149,683.05, for the purchase of a 2015 Ford F550 Brush Truck. At September 30, 2017 the balance of the short-term note payable is \$ 64,683.05. The interest rate is 4.95% per year.

#### **D. Fire Protection Services**

The District has agreements with two local volunteer fire departments, Kerens VFD and 287 R/C Fire and Rescue, to provide fire protection and prevention services to the residents of the District. The District also maintains the Emergency Services Fire Department, which is staffed by volunteers. The District receives a monthly subsidy from Navarro County for the purpose of fueling and maintaining the fire fighting vehicles owned by the District.

#### F. Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflow of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will *not* be recognized as an inflow of resources (revenue) until that time. The district has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

# 2017 Annual Report

421

**JANUARY 2018** 

### I. EXECUTIVE SUMMARY

This annual report describes the program administration activities for the 2017 commercial and industrial Property Assessed Clean Energy (TX-PACE) programs in Texas. Texas PACE Authority (TPA) submits this report to describe the current state of the commercial and industrial (C&I) PACE market in Texas and to document its performance of the requirements described in its professional services agreements.

Texas PACE Authority continues to build a growing PACE network among capital providers, engineers, architects, contractors, property owners and managers, local lenders, and other stakeholders. As anticipated, the start-up of TX-PACE programs using the uniform, user-friendly, sustainable, and scalable PACE in a Box model requires herculean outreach, education, and patience. The investment in this model created for Texans by Texans is beginning to show economic and environmental benefits for the communities establishing the program.

In 2017, a total of 7 PACE projects were completed for a total investment in Texas of just under \$30 million – a 700% increase over the previous year.

# VERDIN PRODUCT PROTECTION

# MAINTAINING YOUR INVESTMENT of BELLS & CLOCKS

### PROTECT YOUR INVESTMENT WITH THE VERDIN PRODUCT PROTECTION PROGRAM

### THANK YOU FOR INVESTING IN A PRODUCT BY VERDIN!

Verdin cast bronze bells, bell ringing equipment, street clocks and tower clocks all represent a capital investment in a legacy product. Now that your legacy has been installed, "Mother Nature" will now begin a long time assault on your investment's moving parts with moisture, heat, cold and dirt.

As with any large mechanical purchase -- like automobiles, homes and commercial air conditioning -maintenance and lubrication is a must. The same holds true for your Verdin purchase.

No one knows how to service Verdin equipment better than the Verdin Family.

Our factory trained engineers, from the time of installation, can maintain your equipment as though it was installed yesterday -- keeping it factory fresh, clean and lubricated so you receive the engineered life expectancy from the product you purchased.

It's a smart way to maintain your investment.

Products left to the elements, without a regular maintenance program, will no longer perform properly over time. Seen below are examples of bell and clock products with and without proper maintenance:

VERDIN PRODUCT PROTECTION PROGRAM

767

Verdin offers a pre-paid maintenance program that is customized for the product that is located on your site. Under this program you would receive:

- Annual visits from a Verdin service engineer to inspect, clean and lubricate the mechanical and electrical components of your Verdin product.
- The program includes up to two hours labor.
- An after-warranty discount of 10% off any replacement parts required. This discount applies even if the parts are damaged by vandalism.

MAINTAIN YOUR INVESTMENT TODAY WITH THE VERDIN PRODUCT PROTECTION PROGRAM. TOGETHER, WE WILL MAINTAIN YOUR LEGACY FOR FUTURE GENERATIONS ...

### VERDIN PLANNED MAINTENANCE SERVICE

### **Terms and Conditions**

Verdin will provide general maintenance services for the items of equipment specified in this Agreement in accordance with the following terms and conditions:

Verdin agrees to provide routine maintenance services such as lubrication, adjustments, testing of mechanical and electronic control equipment, and general upkeep to slow the process of normal wear and tear.

All maintenance services will be performed by Verdin-approved service technicians who are trained and qualified to provide the services required to maintain Customer's equipment in good operating condition. The routine maintenance services provided under this Agreement does not include the reconditioning or repair of broken equipment, or the provision of replacement parts. Also excluded are repairs or damages caused by accident, fire, water, lightning strikes, power surges, forces of nature, or unwarranted abuse.

Payment for planned maintenance is payable in advance and is non-refundable. Maintenance services that are not completed during the contract period may be performed, in Verdin's discretion, after the expiration of this agreement only if the services were not completed solely as a result of Verdin's failure to meet, or attempt to meet, its obligations under this agreement.

In the event Customer's equipment requires services or parts beyond the scope of this Agreement, Verdin's service representative will provide Customer for Its approval an estimate of the costs for such services or parts. Customer will receive a 10% discount on all Verdin parts during the term of this Agreement. To the extent Customer requires additional service calls beyond the scope of this Agreement, such service calls will be charged to Customer at Verdin's established "Preferred rates of \$400.00 1<sup>st</sup> Hr./\$90.00 ea Hr. thereafter." Invoicing for parts or services beyond the scope of this Agreement will be made at the time the work is completed.

For Canadian Customers, the HST/GST should be self-assessed on the customer's HST/GST tax return. If applicable, the customer may also claim all or a portion of taxes paid as an ITC (Input Tax Credit).

Customer agrees to provide safe and secure access to the equipment specified in this Agreement, including, if necessary, the provision of any lifts or hoists. If Verdin is asked to provide this lift or crane service, it is on a cost plus 20% for the arranging, invoicing and payment thereof.

This Maintenance Agreement is payable in advance. Renewal invoices will be sent to the Customers in this service program every November for the following year.
