**PROJECT NAME:** Texoma HIDTA - Irving - Security Project

### PROJECT SCOPE OF WORK

DIR-CPO-4494

Knight Security Systems (KSS) will provide and install **Texoma HIDTA - Irving Security Systems** installation includes hardware, system licenses, programming, and configuration unless otherwise stated. Security Systems Include: **Open Options Access Control, Milestone VMS, Botch Intrusion, 2N Door Stations and Axis Cameras.**

#### Access Control System

KSS will furnish and install the following:

#### **Texoma HIDTA - OPEN OPTIONS ACCESS CONTROL PLATFORM**

- (18) Open Options Access Control - Sub-Controller Reader Licenses
- Server for Access Control Software – **PROVIDED BY CUSTOMER**
- (2) Access Control Panels - IDF & MDF Room: LP1502-L3
- (7) Dual Reader Sub Controllers: MR52-S3B-L1
- (2) lock power supply – IDF & MDF: LifeSafety Panels
- (11) Bluetooth Card Readers
- (7) Bluetooth Card and Pin Readers
  
- Door #1 Double Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - Two door position sensors (Both Leaf's)
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #2 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #3 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card Reader

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

- One door position sensor
- One request-to-exit motion sensor
- Electrified locking hardware
  
- Door #4 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #5 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #6 Single Wood Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #7 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #8 Single Wood Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #9 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #10 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #11 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #12/13 Single Glass Metal Door will have the following installed:
  - Two Bluetooth Card Reader (In/Out)
  - One door position sensor
  - Request-to-exit motion sensor – Not Included

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

- Electrified locking hardware – Isilon Smart Lock
- Emergency Door Release - Egress Door Side
  
- Door #14 Single Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #15 Double Glass Metal Door will have the following installed:
  - One Bluetooth Card & Pin Reader
  - Two door position sensors (Both Leaf's)
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #16 Single Wood Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #17 Single Wood Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #18 Single Wood Door will have the following installed:
  - One Bluetooth Card Reader
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Door #19 Single Glass Metal Door will have the following installed:
  - **Reader – Not Included – Exit Door Only!!**
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  -
  
- Door #20 Single Glass Metal Door will have the following installed:
  - **Reader – Not Included – Exit Door Only!!**
  - One door position sensor
  - One request-to-exit motion sensor
  - Electrified locking hardware
  
- Initial programming will include:
  - Door enrollment into one main access level and time schedule
  - Two system user levels
  - Three-time schedules
  - One access level
  - Seven holiday days

Door fit and finish provided by General Contractor or hardware trade. KSS cannot provide services to correct alignment issues and will not modify doors, frames, or hardware for the purpose of correct operation of the door. Each device will include the necessary mounting hardware, license and one year manufacturer software license support.

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

### **Video Surveillance System**

KSS will furnish and install the following:

#### **Texoma HIDTA – Milestone Video Management System**

- (1) Xprotect Professional+ Base License
- (8) Xprotect Professional+ Device Licenses
- (2) ACC license for 1 XP Smart Client
- (8) 2 Year Care Plus for XProtect Professional+ DL
- Server for network video recorder (NVR) – **PROVIDED BY CUSTOMER**
- PoE switch and patch panel - **PROVIDED BY CUSTOMER**
  
- Seven interior cameras at the following locations:
  - Location 1 – Front Main Entrance Foyer – Focus on entrance door.
  - Location 2 – Employee Entrance Foyer – Focus on entrance door.
  - Location 3 – IDF Hallway – Focus on IDF entrance door.
  - Location 4 – Hallway Exit Door #20 – Focus on Exit Door.
  - Location 6 – Hallway Exit Door #19 – Focus on Exit Door
  - Location 7 – MDF Room – Focus on entrance door and walkway.
  - Location 8 – Back Main Entrance Foyer – Focus on entrance point
  
- Initial programming will include:
  - Enrolling the cameras and setting up basic motion detection
  - One administrative account
  - One view only account
  - Estimated days of storage 30 Days - Preferred
  - 1080p at H.264 and 10 -15 FPS - Preferred
  - Calculations are based on 40% motion detection or event recording - Preferred

**\*\*\*TEXOMA WILL RUN CABLE FOR THE EIGHT CAMERAS – REFER TO DRAWING\*\*\***

The NVR storage capacity is an approximate estimate based on general conditions that KSS does not guarantee. Each device will include the necessary mounting hardware, license and one year manufacturer software license support.

### **Video and Audio Door Station Intercom**

#### **Scope of Work**

KSS will provide and install 2 Axis I8016 Video/Audio Door Stations, **(1) at the Main Front Entrance Lobby Area and (1) at the Back Entrance Lobby Area**. System provides Two-Way Communication, Video Identification and Remote Entry Control. We will tie into the existing door hardware at intercom door location. Door released through an application on your computer, release button and your **GXV Video IP Phone**.

#### **Texoma HIDTA – Audio/Video Intercom Door Stations**

- (1) **Main Front Entrance Door Lobby Area** will have the following installed:
  - One Intercom with Video - Axis I8016 Door Station
  
- (2) **Main Back Entrance Door Lobby Area** will have the following installed:
  - One Intercom with Video - Axis I8016 Door Station

#### **Video Phones Location:**

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

- 1 – Office Admin Desk – TBD Damien Givens

**\*\*\*TEXOMA WILL RUN CABLE FOR THE TWO DOOR STATIONS – REFER TO DRAWING\*\*\***

### **Intrusion Detection System**

#### **Texoma HIDTA – Bosch Intrusion Security Alarm System**

KSS will furnish and install the following:

- One Bosch IP Panel with cellular backup – MDF Room
- Three 8 Zone Expanders – IDF and MDF Room
- (4) LCD keypads
- (20) door position sensor
- (7) PIR motion detector
- (30) glass break detector
- Initial programming will include
  - Enrolling up to 10 users with unique PIN numbers
  - Setup of auto arm schedule
  - Monitoring setup of the system

Each device will include the necessary mounting hardware.

### **Monitoring:**

- No additional work is included for monitoring - must be completed during the installation of security equipment.
- 5-years of Intrusion Security Monitoring Agreement included in this proposal
- Bosch Virtual Keypad for remote access
- Telephone lines with dedicated dial tone and/or IP Internet Connections are included for monitoring by the Remote Station.

Customer Provided Items:

- Phone line and / or network connection to intrusion panel for monitoring services
- Intrusion Alarm Permit.

Finance Purchaser hereby agrees to pay KSS the following terms:

The customer is required to pay every invoice in full within 30 days of receiving the invoice.  
Payment terms are annually.

This is 5-year agreement at \$49.99 per month for monitoring

**The first-year payment for \$599.88 will be due after the installation.**

### **Customer Provided Items**

- Electronic drawing files of the plans and approval of device layout
- Individual logins for personnel at each location for each system
- Assigning different schedules and access levels to the access control doors
- PoE switches and patch panels

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

- Existing Video Recording Server with storage space to accommodate the new devices
- Existing client workstations that meet the system minimal requirements
- Rack space and uninterruptible power supply in the MDF room for rack mount units
- Wall space and 3/4" plywood backboard for wall mount units
- Network configurations for connection of devices to Customer's network
- Phone line and / or network connection to intrusion panel for monitoring services
- 120VAC by a certified electrician for all security devices where needed
- Exterior and fire partition penetrations where needed
- A dry contact connection from the fire system for fire drop out

**Finance**

Purchaser hereby agrees to pay KSS the following terms:

The Customer is required to pay every invoice in full within 30 days of receiving the invoice.

**Project Milestones and Invoicing Procedures**

- An initial investment of 50% of the total project for mobilization is due and payable within 15 days of authorizing Knight's Customer Service Agreement (CSA)
- The remaining balance is due and payable in monthly progress payments based upon material delivered or work completed

Refer to the Standard Terms and Conditions sections 8H, 8I, and 8J.

Any changes from the base price will be adjusted with approved change orders from the Customer. The as-built plans will be submitted along with the final submittal package to the Customer.

**Engineering**

KSS shall provide system design and operational documentation to ensure proper installation and efficient servicing of the system. KSS will provide submittal plans that will show where each device is located at each site. The submittal plans will also include a system matrix, which includes the schedule of each device and the programming setup into the security system software.

**Cabling & Wiring**

KSS will be responsible to install all the wiring and connections (**Access Control and Intrusions Security Alarm Runs Only**) - providing communication and/or control between KSS supplied devices and central control equipment. All wires will be dressed in a neat and professional matter.

KSS will not provide any conduit or trenching required to reach each device. It is the Customer's responsibility to provide a pathway for all wiring required for each device. KSS is not responsible for any existing wiring being used. A quote will be provided to the Customer for any wiring that is found to be unusable

**\*\*\*Texoma HIDTA is responsible for the Cat 6 Camera and Intercom runs back to the nearest IDF/MDF Room\*\*\***

**Field Devices**

KSS will provide all necessary devices and hardware included on the equipment list attached. The devices on the security plans will be installed and programmed into the system according to the system matrix.

KSS is not responsible for any existing devices being reused. If any existing devices are found to be unusable then a quote will be provided to the Customer to replace the device. KSS is not responsible for any damages done from the existing devices being removed. The Customer is responsible to patch and repair any damages done from existing devices removed.

**Programming**

KSS trained personnel will program the security system to provide a functioning operational system. KSS will support Customer programming personnel and set up remote field panels consistent with manufacturer standards. KSS will

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

program each device according to the system matrix provided in the security plans. If any additional programming or special programming outside the system matrix is needed then an approved change order from the Customer is required.

Customer to furnish IP addressing schemes for all devices requiring an IP address on the network. KSS will provide a list of devices that need IP addresses to the Customer.

**Rental Equipment**

Lift rental has not been included on this project.

**Testing**

KSS will perform acceptance testing in the presence of the appointed Customer representative to ensure proper operation and communication of all integrated systems. A test sheet with a check list for each device will be provided by KSS and signed by the Customer representative upon successful completion of a system acceptance test. The final system test report will be sent to all parties.

A punch list detailing items requiring a follow up that is within this scope of work will be created. KSS will correct the punch list items in a mutually agreed upon time. If the Customer wants something changed after the test sheet has been signed, then additional charges will be applied.

Upon system acceptance, a KSS job completion form shall be signed and sent to all parties. It is the Customer's responsibility to ensure proper periodic testing per the manufacturer's recommendation.

**Training**

KSS will provide training for one combined end user training session. The individuals for the system training session will be determined by the Customer. All training for the above-mentioned systems to follow the manufacturer guidelines for Customer training. This training will be provided for administrators and users for each system.

Training will include upgrade implementation, system administration, end-user, and reports. The training will be classroom style and will include manuals, training material, and hands on training.

**Standard Proposal Notes:**

1. This proposal will follow the guidelines stated in DIR contract number DIR-CPO-4494 Standard Terms and Conditions.
2. **This proposal is valid for 15 days. After the 15 days the quote is no longer valid and a new quote needs to be regenerated and prices may vary.**
3. A standard 1 year warranty applies on all newly installed equipment.
4. Please allow 6-8 weeks lead time for hardware.
5. Final Location of all equipment to be approved by owner prior to start of installation.
6. Work provided by KSS is assumed to be continuous, unhindered and without the need for escorts. Additional costs will be incurred if work is slowed by denial or delay of access to the work areas without three days' notice, or if escorts are required at any time. Any cessation of work by the customer or delays in the project construction schedule will result in additional mobilization and project management charges.
7. The quantities of materials noted above scope of work are intended to be descriptive. Should there be any discrepancy between the scope of work and the equipment list, the equipment list will supersede the scope of work stated above.
8. All work will be done following federal, state, and local laws and requirements for the above scope of work.
9. **Due to extreme supply chain issues, Knight Security reserves the right to adjust final proposal pricing until an order is placed with our manufacturer partners. We will inform you within 5 business days of receipt of order about product availability and price increases greater than Knight can absorb.**

**Knight Security Systems Excludes the Following:**

1. All 120 VAC connections are to be performed by customer or customer's designated licensed Electrical contractor.

Client Initials: \_\_\_\_\_

**Confidential - Do not duplicate or distribute without written permission from Knight Security Systems, Inc.**

2. Fire alarm interface, cabling, connection, input/output, testing and certification.
3. Any city or other governmental permits, not associated with this scope of work, required for the use and operation of the system.
4. Access to device location, penetrations, required access panels for concealed areas.
5. If not stated above wire mold, conduit, trenching, wireless devices or aerial cabling necessary to connect any remote locations or gates, computer workstations to operate the system, and network equipment to provided power and data communication for devices.
6. Overtime required due to schedule revisions, work stoppages, delays caused by others, or circumstances beyond Knight Security Systems control.
7. Final terminations and connections to equipment other than provided by Knight Security Systems.
8. Any trade installation that Knight Security Systems is not licensed to perform.
9. Painting, patching or landscaping required as a result of the installation of equipment associated with this scope of work.
10. Technical assistance or the setup of the customer's network for connection to the security control systems. The customer is required to provide static IP addresses and support personnel for assistance in setting up the network connections.

## Executive Compensation

Registrants in the System for Award Management (SAM) respond to the Executive Compensation questions in accordance with Section 6202 of P.L. 110-252, amending the Federal Funding Accountability and Transparency Act (P.L. 109-282). This information is not displayed in SAM. It is sent to USAspending.gov for display in association with an eligible award. Maintaining an active registration in SAM demonstrates the registrant responded to the questions.

## Proceedings Questions

Registrants in the System for Award Management (SAM) respond to proceedings questions in accordance with FAR 52.209-7, FAR 52.209-9, or 2.C.F.R. 200 Appendix XII. Their responses are not displayed in SAM. They are sent to FAPIIS.gov for display as applicable. Maintaining an active registration in SAM demonstrates the registrant responded to the proceedings questions.

## PROVISIONS POPULATED BASED ON REGISTRATION DATA

By maintaining an active entity registration in SAM, the entity complied with requirements to report proceedings data in accordance with:

- FAR 52.209-7 Information Regarding Responsibility Matters and with requirements to report executive compensation data in accordance with
- FAR 52.204-10 Reporting Executive Compensation and First-Tier Subcontract Awards.

<b>FAR 52.203-2</b>	<b>Certificate of Independent Price Determination</b>	<b>Apr 1985</b>
<b>FAR 52.204-3</b>	<b>Taxpayer Identification</b>	<b>Oct 1998</b>
<b>FAR 52.204-5</b>	<b>Women-Owned Business (Other Than Small Business)</b>	<b>Oct 2014</b>
<b>FAR 52.204-17</b>	<b>Ownership or Control of Offeror</b>	<b>Aug 2020</b>
<b>FAR 52.204-20</b>	<b>Predecessor of Offeror</b>	<b>Aug 2020</b>
<b>FAR 52.204-26</b>	<b>Covered Telecommunications Equipment or Services - Representation</b>	<b>Oct 2020</b>

(a) Definitions. As used in this provision, "covered telecommunications equipment or services" and "reasonable inquiry" have the meaning provided in the clause at 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services."

(c) (1) Representation. The Offeror represents that it  **DOES NOT** provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(2) After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it,  **DOES NOT** use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

<b>FAR 52.209-2</b>	<b>Prohibition on Contracting with Inverted Domestic Corporations- Representation</b>	<b>Nov 2015</b>
<b>FAR 52.209-5</b>	<b>Certification Regarding Responsibility Matters</b>	<b>Aug 2020</b>
<b>FAR 52.209-11</b>	<b>Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law</b>	<b>Feb 2016</b>
<b>FAR 52.212-3</b>	<b>Offeror Representations and Certifications - Commercial Products and Commercial Services</b>	<b>Nov 2021</b>

*The NAICS Codes you selected on the Goods and Services page of this registration are listed in the table under 52.212-3(c). Those NAICS Codes for which you are identified as small serve to complete the small business concern representation in 52.212-3(c)(1).*

*You are certifying to your size status for all the NAICS codes in the table. Please review it carefully. The Y/N answers are located in the "Small Business?" column. A "Y" indicates "Small" and "N" indicates "Other than Small." This status is derived from the SBA's size standards based on the size metrics you entered.*

<b>FAR 52.214-14</b>	<b>Place of Performance-Sealed Bidding</b>	<b>Apr 1985</b>
<b>FAR 52.215-6</b>	<b>Place of Performance</b>	<b>Oct 1997</b>
<b>FAR 52.219-1</b>	<b>Small Business Program Representations</b>	<b>Nov 2020</b>

*The NAICS Codes you selected on the Goods and Services page of this registration are listed in the table under 52.219-1(c). Those NAICS Codes for which you are identified as small serve to complete the small business concern representation in 52.219-1(c)(1).*

*You are certifying to your size status for all the NAICS codes in the table. Please review it carefully. The Y/N answers are located in the "Small Business?" column. A "Y" indicates "Small" and "N" indicates "Other than Small." This status is derived from the SBA's size standards based on the size metrics you entered.*
