# Navarro County Health Crisis & Urgent Funding Need

Navarro County is in a medical crisis. We are federally designated as a *Medically Underserved Area* with a health score of 34/100.

## Health Outcomes

- Deaths of despair (suicide, drugs, alcohol): 53.4%
- Adult obesity: 42% | Childhood obesity: 22%
- Diabetes prevalence: 42.4%
- Mortality from flu, COVID, pneumonia: above state & national averages

## Financial Reality

- Cost per patient visit (Kent Rogers Clinic): \$231 (this number is over head only, not medical treatment))
- Medicaid reimbursement average of \$68.00
- Funding gap per visit: \$163.00
- In past years: County offset hospital losses with \$500,000 annually. Today, without support, the clinic cannot survive. We are a non profit, we do not have funds to off set

## What's at Stake

Without county support, Navarro County residents will lose **primary care, dental, vision, mental health, and other essential services**. This is not about extras or over funding-it is about keeping doors open so patients are not turned away because they cannot pay.

## 2025 Projected Revenue

- Sliding fee scale: 1,654 patients @ \$7.50 = \$12,405.
- Indigent care (Medicaid): 301 visits @ \$68. = \$20,468.
- Medicare: 918 patients @ \$86= \$78,948.00
- Private insurance: 517 patients @ \$120 = \$62,040
- Self-pay: 343 patients @ \$65 = \$22,295

**Total revenue: \$196,156**

## 2025 Costs

- 4,810 patient visits x \$231 = \$1,111,110

**Annual deficit: \$914,954**(not including dental, vision, mental health or medical treatments such as radiology, labs, medicines)

## County's Commitment

Navarro County is a **co-applicant** with Navarro County Ambulatory Care Association under the **FQHC contract**. By signing this agreement, the county committed to ensure **affordable, comprehensive healthcare** for all residents, including working families below poverty guidelines who pay only **\$5-\$25 per visit** for exams, labs, radiology, and treatment.

## What Signing the HRSA/FQHC Contract Means

- 1) We agreed to follow all federal requirements.
- 2) We certify that the health center will comply with HRSA rules.

Failure to comply can result in:

- Loss of FQHC designation and funding
- Repayment of funds and penalties
- Damage to reputation and community trust
- Loss of quality affordable healthcare over 4200 patients and 14 employees will lose their job and benefits.

This funding is not a luxury or over-funding. It is a **lifeline**. Without it, healthcare access collapses for thousands of Navarro County residents.
