

Office of the County Judge – Navarro County, TX

PROCLAMATION

WHEREAS, today we know more than ever before about the importance of children's STABILITY and PERMANENCY in their family. Yet the needs of children and their families are more pressing than ever in our own County of Navarro. Everyday schools, government entities and agencies in our community encounter families who are raising children for whom they have no legal authority.

This seriously compromises the permanency of the children in their care. Additionally, we see a vast number of adolescents who are severely at-risk of criminality due to family instability or disengagement. Furthermore, our court system is tested with child custody cases who linger or find no resolve for children without assistance of financial, mediation or attorney assistance.

Whereas Wade Wellness Service, an innovative 501(c)(3) non-profit, professionally staffed to intervene with these families, is well equipped to provide legal coordination along with professional social work and counseling services.

NOW, THEREFORE, I, H.M. Davenport, County Judge of Navarro County, Texas, do hereby proclaim November 13, 2025, as

WADE WELLNESS SERVICES DAY

in Navarro County and encourage the support and participation of all citizens in learning more about Wade Wellness Services.

In witness whereof, I have hereunto set my hand and caused this seal to be affixed.

Sherry Howard
