Corporate Overview

Government Capital Corporation (GCC) was founded in 1992 with the primary purpose of providing tax-exempt financing solutions for state and local government entities including cities, schools, counties, and special districts. Since our inception, GCC and its affiliates have provided financing solutions exceeding \$6 billion for many different types of projects. These financings have provided funding for a wide variety of municipal needs including vehicles, technology, facilities, and heavy-duty equipment. Our team possesses extensive experience assisting state and local governmental entities of all types in creating, evaluating and implementing financing structures of every type authorized by various state borrowing authorities. Although we serve clients in all 50 states, since Texas is our home, one of our primary areas of focus is assisting Texas counties with acquiring essential personal property and equipment. Since our inception, we've been honored to provide financing solutions for 152 Texas counties, representing 60 percent of the counties in the state. In many cases, we have helped our clients adapt to and comply with regulatory changes as well as enable them to execute financings more rapidly, efficiently, and economically.

Representative Experience

Webb County - Government Capital Corporation's relationship with Webb County has spanned over two and a half decades and involved a wide variety of projects. From the first acquisition of computer equipment in 1998 to modular buildings and copiers in the early 2000s to the more recent acquisitions of software, vehicles, and heavy work equipment, Government Capital has become Webb County's trusted go-to partner for all their financing needs.

Jim Wells County - Government Capital and Jim Wells County have partnered together on over two dozen financings since 2011. The transactions have facilitated a large array of acquisitions including police vehicles, election equipment, fire trucks, and more. In 2022 alone, GCC provided funding for sheriff vehicles, a motor grader, and a work truck for the county's infrastructure projects.

Hudspeth County - Hudspeth County and GCC have worked together since 2010 on multiple equipment acquisitions. At the end of 2022, Government Capital funded the purchase of a Freightliner work truck for the county's Solid Waste Department. The addition of the truck to the fleet allowed for shorter and more efficient routes, saving the department miles and manhours.

Runnels County - Runnels County has turned to Government Capital to fulfill their financing needs since 2002. GCC has provided funding for the acquisition of software and a variety of heavy equipment including Freightliner work trucks, tractors, and a water truck. Most recently, Runnels County partnered with Government Capital to acquire updated election equipment, providing its citizens with a more efficient and secure voting process.

Henderson County - Government Capital has partnered with Henderson County on multiple projects since 2007. In recent years, GCC has funded the acquisition of numerous types of heavy equipment including a reclaimer, a track loader, and a site boss. The equipment has been used throughout the county to improve infrastructure and serve the community.

Zapata County - Government Capital has provided financing for Zapata County for over 20 years. With GCC's assistance, the county has acquired software, waste disposal vehicles, a body scanner, and other essential equipment. Additionally, Government Capital provided funding to the county's Water Works Department for a sewer and water meter improvement project.

Montague County - Montague County and Government Capital have partnered together for more than a decade on over a dozen financings. Most recently, GCC provided funding for the acquisition of a drum roller, multiple vehicles, and a motor grader for the county's infrastructure improvement projects.
